3. Grading: The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Weekly quizzes (10)	25%	
Problem sets (4)	50%	
Final project (1)	25%	

## **Grading Scale:**

A+	Α	A-	B+	В	B-
95% - 100%	87% - 94%	82% - 86%	77% - 81%	72% -76%	66% - 71%
C+	С	C-	D+	D	F
62% - 65%	58% - 61%	54% - 57%	50% - 53%	45% - 49%	< 44%

**4. Missed Components of Term Work:** The regulations of the Faculty of Science pertaining to this matter are found in the Faculty of Science area of the Calendar in Section 3.6. It is the student's responsibility to familiarize himself/herself with these regulations. See also Section E.6 of the University Calendar.

In the event that a student misses any course work due to illness then an official medical note will be required. Absences must be reported **within 48 hrs**. The course coordinator will need to see the original documentation (not electronic copy) for review / decision and keep it (or a copy) for their records. The documentation must be provided to the course coordinator **within 15 days** of the date of the midterm in order for an excused absence to be considered. If an excused absence is approved, then the percentage weight of a legitimately missed quiz *will be pro-rated among the remaining components of the course*.

If a student missed any course work non-legitimate reasons (e.g. vacation, incomplete), the contribution of that component in the final course grade will be zero.

- **5. Course Materials:** Molecular Driving Forces, Dill and Bromberg.
- 6. Examination Policy: Students should also read the Calendar, Section G, on Examinations.
- 7. Writing across the curriculum statement: e.g. "In this course, the quality of the student's writing will be a factor in the evaluation." See also Section E.2 of the University Calendar.
- **8. Reappraisal of Grades:** Students should be aware that the grade being reappraised may be raised, lowered or remain the same. See Section I.3 of the University Calendar.

(a) Term work: A student who feels that a piece of graded term work (term paper, essay, test, etc.) has been unfairly graded, may have the work re-graded. The student shall discuss the work with the Instructor within 15 days of either being notified about the mark, or of the item's return to the class. If not satisfied, the student shall immediately submit the Reappraisal of Term work Grade form to the Associate Head of Chemistry, Dr. Farideh Jalilehvand (ahugchem@ucalgary.ca), who will arrange for a reassessment of the work if, and only if, the student's argument is valid. Note: Students should attempt to present their rational as effectively and as fully as possible. Mere dissatisfaction with a decision is not sufficient grounds for the appeal of a grade, or other academic decision. See sections I.1 and I.2 of the University Calendar.
