

COURSE OUTLINE

1. **Course:** GLGY 471, Geology, Engineering, and the Environment - Fall 2019

Lecture 01: TR 09:30 - 10:45 in KNB 126

Instructor	Email	Phone	Office	Hours
Dr Ann Quinney	aequinne@ucalgary.ca	403 220-6809	ES 514	By appointment

Course Site:

D2L: GLGY 471 L01-(Fall 2019)-Geology, Engineering, and the Environment

Note: Students must use their U of C account for all course correspondence.

Note: Important updates, changes to the schedule, and other information will be posted on D2L. Students are responsible for checking the D2L site regularly.

2. **Requisites:**

See section [3.5.C](#) in the Faculty of Science section of the online Calendar.

prerequisite purposes.

3. **Grading:**

The University policy on grading and related matters is described in [F.1](#) and [F.2](#) of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Graded Item	Date	Value
Laboratory & Exercise Assignments	Due at end of lab unless otherwise stated	10%
Quiz 1	Thursday, September 26	10%
Quiz 2	Thursday, October 17	10%
Midterm Lab Examination	Monday, October 28 during scheduled lab period	20%
Quiz 3	Thursday, November 7	10%
Final Lab Examination	Monday, December 2 during scheduled lab period	20%
Quiz 4	Thursday December 5	10%
Group Presentation/reference list	See schedule	10%

Each piece of work (reports, assignments, quizzes, midterm exam(s) or final examination) submitted by the student will be assigned a grade. The student's grade for each component listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

The conversion between a percentage grade and letter grade is as follows.

	A+	A	A-	B+	B	B-	C+	C	C-	D+	D
Minimum % Required	95 %	90 %	85 %	80%	75%	70 %	65 %	60%	56%	53 %	50 %

4. **Missed Components Of Term Work:**

In the event that a student misses the midterm or any course work due to illness, supporting documentation, such as a medical note or a statutory declaration will be required (see [Section M.1](#); for more information regarding the use of statutory declaration/medical notes, see [FAQ](#)). Absences must be reported within 48 hrs.

The regulations of the Faculty of Science pertaining to this matter are found in the Faculty of Science area of the Calendar in [Section 3.6](#). It is the student's responsibility to familiarize themselves with these regulations. See also [Section E.3](#) of the University Calendar.

5. **Scheduled Out-of-Class Activities:**

There are no scheduled out of class activities for this course.

6. **Course Materials:**

Recommended Textbook(s):

Fletcher, C. Gibson, D. Ansdell, K. ,*Introduction to Physical Geology the Science of Earth Canadian Edition* Wiley.

7. **Examination Policy:**

All exams are closed book, cumulative, and will be completed during the regularly scheduled lecture. No aids are allowed on tests or examinations.

Students should also read the Calendar, [Section G](#), on Examinations.

8. **Approved Mandatory And Optional Course Supplemental Fees:**

There are no mandatory or optional course supplemental fees for this course.

9. **Writing Across The Curriculum Statement:**

For all components of the course, in any written work, the quality of the student's writing (language, spelling, grammar, presentation etc.) can be a factor in the evaluation of the work. See also Section [E.2](#) of the University Calendar.

10. **Human Studies Statement:**

See also [Section E.5](#) of the University Calendar.

11. **Reappraisal Of Grades:**

A student wishing a reappraisal, should first attempt to review the graded work with the Course coordinator/instructor or department offering the course. Students with sufficient academic grounds may request a reappraisal. Non-academic grounds are not relevant for grade reappraisals. Students should be aware that the grade being reappraised may be raised, lowered or remain the same. See [Section I.3](#) of the University Calendar.

- a. **Term Work:** The student should present their rationale as effectively and as fully as possible to the Course coordinator/instructor within **10 business days** of either being notified about the mark, or of the item's return to the class. If the student is not satisfied with the outcome, the student shall immediately submit the Reappraisal of Graded Term work form to the department in which the course is offered. The department will arrange for a re-assessment of the work if, and only if, the student has sufficient academic grounds. See sections [I.1](#) and [I.2](#) of the University Calendar
- b. **Final Exam:**The student shall submit the request to Enrolment Services. See [Section I.3](#) of the University Calendar.

12. **Other Important Information For Students:**

- a. **Mental Health** The University of Calgary recognizes the pivotal role that student mental health plays in physical health, social connectedness and academic success, and aspires to create a caring and supportive campus community where individuals can freely talk about mental health and receive supports when needed. We encourage you to explore the mental health resources available throughout the university community, such as counselling, self-help resources, peer support or skills-building available through the SU Wellness Centre (Room 370, MacEwan Student Centre, [Mental Health Services Website](#)) and the Campus Mental Health Strategy website ([Mental Health](#)).
- b. **SU Wellness Center:** The Students Union Wellness Centre provides health and wellness support for students including information and counselling on physical health, mental health and nutrition. For more information, see www.ucalgary.ca/wellnesscentre or call [403-210-9355](tel:403-210-9355).
- c. **Sexual Violence:** The University of Calgary is committed to fostering a safe, productive learning environment. The Sexual Violence Policy (<https://www.ucalgary.ca/policies/files/policies/sexual-violence-policy.pdf>) is a fundamental element in creating and sustaining a safer campus environment for all community members. We understand that sexual violence can undermine students' academic success and we encourage students who have experienced some form of sexual misconduct to talk to someone about their experience, so they can get the support they need. The Sexual Violence Support Advocate, Carla Bertsch, can provide confidential support and information regarding sexual violence to all members of the university community. Carla can be reached by email (svsa@ucalgary.ca) or phone at [403-220-2208](tel:403-220-2208) .

- d. **Misconduct:** Academic misconduct (cheating, plagiarism, or any other form) is a very serious offence that will be dealt with rigorously in all cases. A single offence may lead to disciplinary probation or suspension or expulsion. The Faculty of Science follows a zero tolerance policy regarding dishonesty. Please read the sections of the University Calendar under [Section K](#). Student Misconduct to inform yourself of definitions, processes and penalties. Examples of academic misconduct may include: submitting or presenting work as if it were the student's own work when it is not; submitting or presenting work in one course which has also been submitted in another course without the instructor's permission; collaborating in whole or in part without prior agreement of the instructor; borrowing experimental values from others without the instructor's approval; falsification/ fabrication of experimental values in a report. **These are only examples.**
- e. **Assembly Points:** In case of emergency during class time, be sure to FAMILIARIZE YOURSELF with the information on [assembly points](#).
- f. **Academic Accommodation Policy:** Students needing an accommodation because of a disability or medical condition should contact Student Accessibility Services in accordance with the procedure for accommodations for students with disabilities available at [procedure-for-accommodations-for-students-with-disabilities.pdf](#).
- Students needing an accommodation in relation to their coursework or to fulfill requirements for a graduate degree, based on a protected ground other than disability, should communicate this need, preferably in writing, to the Sr. Instructor of the Department of Geoscience, Dr. Rudi Meyer by email rmeyer@ucalgary.ca or phone 403-210-7848. Religious accommodation requests relating to class, test or exam scheduling or absences must be submitted no later than **14 days** prior to the date in question. See [Section E.4](#) of the University Calendar.
- g. **Safewalk:** Campus Security will escort individuals day or night (See the [Campus Safewalk](#) website). Call [403-220-5333](tel:403-220-5333) for assistance. Use any campus phone, emergency phone or the yellow phones located at most parking lot pay booths.
- h. **Freedom of Information and Privacy:** This course is conducted in accordance with the Freedom of Information and Protection of Privacy Act (FOIP). Students should identify themselves on all written work by placing their name on the front page and their ID number on each subsequent page. For more information, see [Legal Services](#) website.
- i. **Student Union Information:** [VP Academic](#), Phone: [403-220-3911](tel:403-220-3911) Email: suvpaca@ucalgary.ca. SU Faculty Rep., Phone: [403-220-3913](tel:403-220-3913) Email: sciencerep@su.ucalgary.ca. [Student Ombudsman](#), Email: ombuds@ucalgary.ca.
- j. **Internet and Electronic Device Information:** Unless instructed otherwise, cell phones should be turned off during class. All communication with other individuals via laptop, tablet, smart phone or other device is prohibited during class unless specifically permitted by the instructor. Students that violate this policy may be asked to leave the classroom. Repeated violations may result in a charge of misconduct.
- k. **Surveys:** At the University of Calgary, feedback through the Universal Student Ratings of Instruction ([USRI](#)) survey and the Faculty of Science Teaching Feedback form provides valuable information to help with evaluating instruction, enhancing learning and teaching, and selecting courses. Your responses make a difference - please participate in these surveys.
- l. **Copyright of Course Materials:** All course materials (including those posted on the course D2L site, a course website, or used in any teaching activity such as (but not limited to) examinations, quizzes, assignments, laboratory manuals, lecture slides or lecture materials and other course notes) are protected by law. These materials are for the sole use of students registered in this course and must not be redistributed. Sharing these materials with anyone else would be a breach of the terms and conditions governing student access to D2L, as well as a violation of the copyright in these materials, and may be pursued as a case of student academic or [non-academic misconduct](#), in addition to any other remedies available at law.

Week	Date	Lab Monday	Lecture Tuesday	Lecture Thursday
1	Sept. 5-6		no class	Course outline, group project assignments
2	Sept. 9-13	no lab	Intro to Geology	Plate Tectonics
3	Sept. 16-20	1: Topo Maps	Earth Materials	Rock Cycle

4	Sept. 23-27	2: Earth Materials	Igneous Rocks	Quiz 1 , Igneous Rocks
5	Sept. 30- Oct. 4	3: Rock ID 1	Sedimentary Rocks	Sedimentary Rocks
6	Oct. 7-11	4: Slope stability	Sedimentary Rocks	Geologic Time
7	Oct. 14-18	Thanksgiving	Metamorphic Rocks	Quiz 2 , Metamorphic Rocks
8	Oct. 21-25	5: Rock ID 2	Structural Geology	Structural Geology
9	Oct. 28- Nov.1	Lab Midterm	Rock Mechanics	Rock Mechanics
10	Nov. 4-8	6/7: City Planning or Rock properties	Rock Mechanics	Quiz 3 , Lab exam Review
11	Nov. 11-15	Reading Week		
12	Nov. 18-22	6/7: City Planning or Rock properties	Hydrogeology	Hydrogeology
13	Nov. 25-29	8: Hydrogeology	Geology of Canada	Geology of Canada
14	Dec. 2-6	Lab Final	TBA	Quiz 4

Course Outcomes:

- Operate with basic concepts of geology: minerals and rocks, processes of rock formation and rock distribution at the surface of the Earth, and geohazards.
- Apply basic concepts of geology in recognizing minerals, igneous, metamorphic and sedimentary rocks
- Apply basic concepts of geology recognizing structures and textures of the rock of the three rock families.
- Develop a defensible model for rock succession in the Earth's crust.
- Develop a defensible model for the geological time and major events in the Earth history.
- Develop a defensible model of geohazard distribution and magnitude related to certain geological features at the surface of the Earth
- Develop a defensible model for geohazard occurrence and their relationships with certain features of plate tectonics.

Department Approval:

Electronically Approved

Date: 2019-08-16 18:55

Associate Dean's Approval for out of
regular class-time activity:

Electronically Approved

Date: 2019-08-19 11:15
