If this is not possible, you can use the drop box outside of AB 608. Assignments that are put into the drop box will be date-stamped and placed in the instructor's mailbox.

All assignments must be submitted in order to achieve a passing grade for this course.

Registrar-Scheduled Final Exam

There will be **NO** registrar-scheduled final exam for this course.

Late Assignment Policy

Late assignments: Submit by the beginning of class the following week.

If a student misses the submission deadline for an assignment or homework he or she must complete the assignment and submit it no later than the beginning of class the week following the original deadline. If the one-week extension is not met, the student will receive zero for the assignment.

Missed in-class activities: Submit Missed Activity Worksheet by the following week.

If a student misses all or a significant portion of in-class activities, (because he or she is late, absent, or comes to class unprepared for the activity), he or she must complete a Missed Activity Worksheet and submit it no later than the beginning of the class the week following. The instructor will determine if the student has missed a significant amount of in-class activity. If the one-week extension is not met, the student will receive a zero for the activity. It is the student's responsibility to contact the instructor by email to receive the worksheet.

Missed both activities and assignments: Submit assignment & worksheet by posted deadline.

If a student is sick and misses both in-class activities and assignments, he or she must complete the assignment and the Missed Activity Worksheet and submit by the deadline.

Students who have mitigating circumstances, such as missing more than one class in a row, and cannot submit late assignments within the one-week extension period must contact the instructor in writing to receive notice of their options, which may include the need for a special Deferral of Term Work. As outlined in the University Calendar, the instructor may or may not approve the deferral and has the right to assign additional make up assignments as part of the special deferral.

NOTE: All final assignments for this course are scheduled for completion by Dec. 4. Should an extension of time be sought for completion of final assignments after the end of lectures, a Deferral of Term Work form must be completed. Deferrals may only be granted at the discretion of the dean and will normally not exceed thirty days. Application forms are available at <http://www.ucalgary.ca/registrar> or at Enrolment Services.

Course Activities

Course activities will be organized into weekly Lecture-Lab-Homework assignment units. Activities will pertain to the investigation of perceptual, structural, and organizational aspects of two-dimensional art composition. Skill development, material usage, and inquiry into the nature of the two-dimensional picture plane will be explored thematically (ie, point to line, contrast, figure/ground, visual texture, symmetry, overlap, pattern, and perspectives). Students will also engage in ongoing analysis of lecture materials, readings, research assignments, and critical discussions that focus on the social, psychological, and cultural relevance of contemporary and historic art. The course will challenge students to expand ideas and expectations about art through small and large group discussions and exercises.

Lecture days (Tuesdays) will involve assignment reviews, lectures, group critical discussions, and presentations of course content. Assignments will be accompanied by a grading rubric that will be

posted on D2L.

Lab days (Thursdays) will involve research, individual student-instructor consultations, and group studio activities.

Homework (approx 3 hrs/week) will prepare students for weekly class activities and projects. Homework also includes keeping up to date on all D2L announcements and preparing to come to class with appropriate materials and research.

Studio Procedures

The creation of art can be a dirty process and a studio is only workable if everyone cooperates in keeping it clean. Out of respect and consideration for your classmates and other users of the space, it is expected that everyone will participate in keeping the studio clean and tidy.

Internet and Electronic Communication Device Information

You are welcome to bring electronic devices (cell phone, laptop or tablet) to class for research

purposes only. This means you can search the web for information related to course content and use your computer to type notes for your personal research. Headphones are not allowed in the classroom. Deferral of Exams/Term work

It is possible to request a deferral of term work or final examination(s) for reasons of illness, accident, family or domestic affliction, or religious obligations. Writing/Plagiarism

Using any source whatsoever without clearly documenting it is a serious academic offense. Consequences include failure on the assignment, failure in the course and possibly suspension or expulsion from the university. You must document not only direct quotations but also paraphrases and ideas where they appear in your text. A reference list at the end is insufficient by itself. Readers must be able to tell exactly where your words and ideas end and other people's words and ideas begin. This includes assignments submitted in non-traditional formats such as Web pages or visual media, and material taken from such sources. Please consult your instructor or Writing Support Services (at the Student Success Centre) if you have any questions regarding how to document sources.

Lockers

The Art Building lockers are administered through the Student's Union's used bookstore, Bound and Copied. Lockers are rented on a first come, first served basis. Due to the shortage of lockers, and the high demand, students cannot hold more than one locker at a time. All of the details on renting a locker and your responsibilities can be found on the Locker Rental Agreement. **Lockers for all sessions** can be rented through my.ucalgary.ca. Once you're in the Student Centre, click on **Other Academic Services** and choose **Locker Reservation**.

Lockers must be vacated by the end of term.

Models

In this class students will not be expected to draw from nude models.

Portfolios and Assignments

The Department of Art will not assume responsibility for lost or stolen portfolios or course work given to instructors for grading, or for work posted on bulletin boards in the art building.

Note - All unclaimed work will be disposed.

Ethics
