Registrar-Scheduled Final Exam – NO

Note: It is the student's responsibility to keep a copy of or any relevant documentation regarding each submitted assignment.

Please hand in your assignments directly to the digital dropbox. Access to the digital dropbox is granted in class; students that miss this should speak directly to the instructor. Note that this class does *not* use the D2L dropbox for file submission; policies and procedures will be described in class.

Late Assignment Policy

*Except in highly unusual circumstances, assignments cannot be turned in late for credit. Deadlines are firm; late assignments will not be accepted without prior negotiation with the instructor, or with documented illnesses or family emergencies. Documented means a fully explanatory note from an appropriate authority, e.g., physician or counsellor. **In all cases where students do not turn in work on time without such documentation, a grade of zero will be entered into the gradebook for that assignment.*** Do not email assignments except by prior arrangement with the instructor; these must be uploaded to the digital dropbox.

Additional Information

Students are required to own an external USB storage device, such as a USB flash drive or external hard drive, with at least four gigabytes of available storage, and to save their work both in their cloud storage account and on the memory key. Losing a file due to file storage errors is not a valid excuse for not turning homework in.

Internet and Electronic Communication Device Information

Due to the size of the class, and the need to keep the class moving forward as a whole, the use of cell phones, audio players, or other portable electronic devices for any use other than as an e-reader (in cases where students have chosen to purchase that edition of the text) or as a drawing tablet is strictly prohibited: students who use these devices can expect to have them taken away for the duration of the class. Furthermore, while network access is necessary for the class, students who use the web for purposes other than class work will be asked to leave the class, and will not be permitted to return until the next class.

Students MAY use personal laptops with a recent Photoshop version installed: however, the student will be responsible for accommodating any differences between the version of Photoshop provided in the lab. Course time will not be used to assist students in resolving differences between user interfaces and/or features of various versions of the application.

Portfolios and Assignments

The Department of Art will not assume responsibility for lost or stolen portfolios or course work given to instructors for grading, or for work posted on bulletin boards in the art building.

Note - All unclaimed work will be disposed of.

Note - Studio spaces, bulletin boards and display areas need to be cleared 2 weeks after the last day of classes.

Studio Procedures

As this is a digital arts class, the class and homework will take place in a public computer lab. Students should therefore show those people working in other parts of the lab respect, and refrain from horseplay, loud conversation, or other disruptive activities. Being a part of this class does not grant additional rights or privileges over other students using the same facilities.

Students needing an Accommodation because of a Disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities ucalgary.ca/policies/files/policies/student-accommodation-policy.

Writing/Plagiarism

Writing skills are not exclusive to English courses and, in fact, should cross all disciplines. The University supports the belief that throughout their University careers, students should be taught how to write well so that when they graduate their writing abilities will be far above the minimal standards required at entrance. Consistent with this belief, students are expected to do a substantial amount of writing in their University courses and, where appropriate, members of faculty can and should use writing and the grading thereof as a factor in the evaluation of student work. The services provided by the Writing Support Services can be utilized by all undergraduate and graduate students who feel they require further assistance.

Using any source whatsoever without clearly documenting it is a serious academic offense. Consequences include failure on the assignment, failure in the course and possibly suspension or expulsion from the university. Visual art projects submitted for course credit must be produced by the student specifically for this class. Students must not submit projects if credit has or will be provided for it in another class. This includes re-worked assignments from previous or concurrent courses, unless permission is provided in writing by the instructor. Additionally, the student is asked to be mindful of using visual sources from the internet, ensuring that that material is not derived from any on-line or other available source, and that appropriate copyright permission is granted, when required.
