

UNIVERSITY OF
CALGARY

DEPARTMENT OF BIOLOGICAL SCIENCES
COURSE OUTLINE

1. **Course:** PLANT BIOLOGY 403 – PLANT PHYSIOLOGY

Lecture Section(s) L01 MWF 14:00 ICT 122 Fall 2016

Course Coordinator: Dr. Facchini

Instructor(s): Dr. Peter Facchini BI 396 220-7651 pfacchin@ucalgary.ca
Dr. Dae-Kyun Ro BI 393 220-7099 daekyun.ro@ucalgary.ca

Desire 2 Learn (D2L) and Blackboard course name: PLBI 403 L01 - (Fall 2016) – Plant Physiology

Biological Sciences Department BI 186 403-220-3140 biosci@ucalgary.ca

2. **Prerequisites:** Biology 371 or 233 or any two of Biology 231, 241 and 243 and completion of at least 9.5 full-course equivalents.

See section 3.5.C in the Faculty of Science section of the online Calendar

www.ucalgary.ca/pubs/calendar/current/sc-3-5.html

3. **Grading:** The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Component	Percentage of final grade
Lecture (60%)	
Midterm Exam*	30%
Final Exam**	30%
Laboratory (40%)	
Assignment 1	5%
Assignment 2	10%
Assignment 3	5%
Assignment 4	5%
Assignment 5	10%
Assignment 6	5%

* In class

** Scheduled by the Registrar's office

Letter Grade Conversions	
Mark Range	Letter Grade
>90	A+
85	A
80	A-
77	B+
73	B
70	B-
67	C+
63	C
60	C-
55	D+
50	D
<50	F

Each piece of work (assignment, midterm tests or final examination) submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

4. **Missed Components of Term Work:** The regulations of the Faculty of Science pertaining to this matter are found in the Faculty of Science area of the Calendar in [Section 3.6](#). It is the student's responsibility to familiarize himself/herself with these regulations. See also [Section E.3](#) of the University Calendar.

5. **Scheduled out-of-class activities:** Dates and times of approved class activities held outside of class hours. N/A

REGULARLY SCHEDULED CLASSES HAVE PRECEDENCE OVER ANY OUT-OF-CLASS-TIME-ACTIVITY. If you have a conflict with out-of-class-time-activity, please inform your instructor as soon as possible so that alternative arrangements may be made for you.

6. **Course Materials:**

Required textbook: *Plant Physiology and Development, Sixth Edition, Taiz, L. and Ziegler, E., (eds), Sinaur Associates Inc., Sunderland, MA*

7. **Examination Policy:** No electronic or written aids (e.g. cell phones, tablets, computers, calculators, notes, textbooks) will be allowed during writing of any exams. Students should also read the Calendar, Section G, on Examinations. (<http://www.ucalgary.ca/pubs/calendar/current/g.html>)
8. **Writing across the curriculum statement:** In this course, the quality of the student's writing in laboratory reports will be a factor in the evaluation of those reports. See also [Section E.2](#) of the University Calendar.
9. **Human studies statement:** indicating whether students in the course may be expected to participate as subjects or researchers. See also [Section E.5](#) of the University Calendar.

ETHICS IN THE BIOLOGICAL SCIENCES

Studies in the Biological Sciences involve the use of living and dead organisms. Students taking laboratory- and field-based courses in these disciplines can expect involvement with and experimentation on such materials. Students perform dissections on dead or preserved organisms in some courses. In particular courses, students experiment on living organisms, their tissues, cells, or molecules. Sometimes fieldwork requires students to collect a variety of living materials by many methods, including humane trapping. All work on humans and other animals conforms to the Helsinki Declaration and to the regulations of the Canadian Council on Animal Care. The Department strives for the highest ethical standards consistent with stewardship of the environment for organisms whose use is not governed by statutory authority. Individuals contemplating taking courses or majoring in one of the fields of study offered by the Department of Biological Sciences should ensure that they have fully considered these issues before enrolling. Students are advised to discuss any concern they might have with the Undergraduate Program Director of the Department.

10. OTHER IMPORTANT INFORMATION FOR STUDENTS:

- (a) **Academic Misconduct:** (cheating, plagiarism, or any other form) is a very serious offence that will be dealt with rigorously in all cases. A single offence may lead to disciplinary probation or suspension or expulsion. The Faculty of Science follows a zero tolerance policy regarding dishonesty. Please read the sections of the University Calendar under [Section K](#). Student Misconduct to inform yourself of definitions, processes and penalties
- (b) **Assembly Points:** In case of emergency during class time, be sure to FAMILIARIZE YOURSELF with the information on [assembly points](#).
- (c) **Student Accommodations:** Students needing an Accommodation because of a Disability or medical condition should contact Student Accessibility Services in accordance with the Procedure for Accommodations for Students *with Disabilities available at http://www.ucalgary.ca/policies/files/policies/procedure-for-accommodations-for-students-with-disabilities_0.pdf*.

Students needing an Accommodation in relation to their coursework or to fulfil requirements for a graduate degree, based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to the Associate Head of Biological Sciences, Dr. H. Addy by email addy@ucalgary.ca or phone 403 220-3140.
- (d) **Safewalk:** Campus Security will escort individuals day or night (<http://www.ucalgary.ca/security/safewalk/>). Call 220-5333 for assistance. Use any campus phone, emergency phone or the yellow phones located at most parking lot pay booths.
- (e) **Freedom of Information and Privacy:** This course is conducted in accordance with the Freedom of Information and Protection of Privacy Act (FOIPPA). As one consequence, students should identify themselves on all written work by placing their name on the front page and their ID number on each subsequent page. For more information see also <http://www.ucalgary.ca/secretariat/privacy>.
- (f) **Student Union Information:** VP Academic Phone: 403 220-3911 Email: suypaca@ucalgary.ca
SU Faculty Rep. Phone: 403 220-3913 Email: science1@su.ucalgary.ca, science2@su.ucalgary.ca and science3@su.ucalgary.ca;
Student Ombuds Office: 403 220-6420 Email: ombuds@ucalgary.ca; <http://ucalgary.ca/provost/students/ombuds>
- (g) **Internet and Electronic Device Information:** You can assume that in all classes that you attend, your cell phone should be turned off unless instructed otherwise. Also, communication with other individuals, via laptop computers, Blackberries or other devices connectable to the Internet is not allowed in class time unless specifically permitted by the instructor. If you violate this policy you may be asked to leave the classroom. Repeated abuse may result in a charge of misconduct.
- (h) At the University of Calgary, feedback provided by students through the Universal Student Ratings of Instruction (USRI) survey provides valuable information to help with evaluating instruction, enhancing learning and teaching, and selecting courses (www.ucalgary.ca/usri). Your responses make a difference - please participate in USRI Surveys.

Department Approval _____ **ORIGINAL SIGNED** _____ Date _____

PLBI 403 L01 – (Fall 2016) – Plant Physiology

Tentative Lecture Schedule

Monday, September 12	Introduction to Plant Physiology	PJF
Wednesday, September 14	Xylem Transport I	PJF
Friday, September 16	Xylem Transport II	PJF
Monday, September 19	Xylem Transport III	PJF
Wednesday, September 21	Phloem Transport I	PJF
Friday, September 23	Phloem Transport II	PJF
Monday, September 26	Phloem Transport III	PJF
Wednesday, September 28	Photosynthesis I	PJF
Friday, September 30	Photosynthesis II	PJF
Monday, October 3	Photosynthesis III	PJF
Wednesday, October 5	Photosynthesis IV	PJF
Friday, October 7	Respiration and Lipid Metabolism I	PJF
Monday, October 10	Thanksgiving (no lecture)	
Wednesday, October 12	Respiration and Lipid Metabolism II	PJF
Friday, October 14	Respiration and Lipid Metabolism III	PJF
Monday, October 17	Nutrient Assimilation I	PJF
Friday, October 19	Nutrient Assimilation II	PJF
Wednesday, October 19	Nutrient Assimilation III	PJF
Friday, October 21	Review	
Monday, October 24	Midterm Exam (in class; 60 minutes; 14:00 – 15:00)	
Wednesday, October 26	Introduction to Growth and Development	DKR
Friday, October 28	Cell Walls	DKR
Monday, October 31	Signal Transduction I	DKR
Wednesday, November 2	Signal Transduction II	DKR
Friday, November 4	Light and Plant Development I	DKR
Monday, November 7	Light and Plant Development II	DKR
Wednesday, November 9	Light and Plant Development III	DKR
Friday, November 11	Mid-Term Break (no lecture)	
Monday, November 14	Seed dormancy I	DKR
Wednesday, November 16	Seed dormancy II	DKR
Friday, November 18	Vegetative growth	DKR
Monday, November 21	Gametophytes	DKR
Wednesday, November 23	Fruit development	DKR
Friday, November 25	Senescence and cell death I	DKR
Monday, November 28	Senescence and cell death II	DKR
Wednesday, November 30	Biotic interactions I	DKR
Friday, December 2	Biotic interactions II	DKR
Monday, December 5	Abiotic Stress I	DKR
Wednesday, December 7	Abiotic Stress II	DKR
Friday, December 9	Review	DKR

Lab Schedule

Week of:

September 12	Lab 1 – Xylem Tension lab
September 19	Lab 2 – Photosynthesis I lab
September 26	Lab 3 – Photosynthesis II lab
October 3	Lab 4 – Nitrogen Fixation lab
October 10	Lab 5 – Rhizobium lab (set-up)
October 17	Lab 6 – Brassinolide and Light Response lab (set-up)
October 24	Lab 6 – Brassinolide and Light Response lab (data collection)
October 31	Lab 7 – Hormones and Seed Germination lab (set-up)
November 7	Mid-term Break (No lab)
November 14	Lab 7 – Hormones and Seed Germination lab (data collection)
November 21	Lab 5 – Rhizobium lab (data collection)
November 28	Tutorial
