The project supervisor is required to provide a short research project description and specific breakdown of the reporting elements before the first day of the regular term (September 8, 2015) to be approved by the course coordinator. After approval, the information will be provided to the student before the add/drop deadline.

Each piece of work submitted by the student will be assigned a percentage score, as provided by the individual supervisor. The student's percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade. The conversion between course percentage and letter grade is given below:
