DESCRIPTION

This course is an introduction to the ancient Greek language, emphasizing the skills and knowledge necessary for reading ancient texts, including vocabulary, word-forms, and syntax. The language learned in Greek 201, 203, 301 is classical Attic Greek, the language of the Athenian writers Sophocles, Thucydides and Plato (5th and 4th centuries BC). This is the basis of the 'common language' (*Koiné*) of the Hellenistic and Roman periods (3rd century BC to 5th century CE). These courses also prepare students to read texts in related dialects (including Homer) and the New Testament and other early Christian writings.
