Online Delivery Details:

Some aspects of this course are being offered in real-time via scheduled meeting times. For those aspects you are required to be online at the same time.

To help ensure Zoom sessions are private, do not share the Zoom link or password with others, or on any social media platforms. Zoom links and passwords are only intended for students registered in the course. Zoom recordings and materials presented in Zoom, including any teaching materials, must not be shared, distributed or published without the instructor's permission.

The courses is centered around readings, discussions, independent study and presentations. The difference between the two lecture sections is the format of discussions and presentations.

Synchronous modality (L01): Discussions and presentations will take place during class time using Zoom.

Asynchronous modality (L02): Discussions will take place on the course discussion board, you'll post (links to a) video for your presentation and you'll be asked to respond to presentations by others on the discussion board. There will be no real-time meetings or discussions required.

To participate in discussions you will either participate on the course discussion board (L02) or during live discussions during class time (L01). Note that everyone is required to participate to some extent on the discussion board.

You'll be asked to reflect on your learning throughout the course. Any format for reflection is accepted. (Written, video, audio, etc.)

You will study independently a topic of your choice throughout the semester. In the first month of the course, most of your time will be spent on setting up a plan for this independent study. For the remainder of the course, significant course time is set aside to ensure you have time to execute your plan and modify your study plan based on your reflections. The (on-line) materials used for the independent study is chosen by you with guidance from instructor and other students in the class.

You will do five presentations this semester and you are required to respond to or participate in presentations by other students. For L01, presentations take place via zoom during the scheduled class time and you will interact with your classmates in real-time during these zoom meetings. For L02, presentations will be recorded and shared. You will get a few days to watch presentations by other students and interact with the presenter on-line.

2. **Requisites:**

See section [3.5.C](#) in the Faculty of Science section of the online Calendar.

Prerequisite(s):

Consent of the Department. MAY BE REPEATED FOR CREDIT

3. Grading:

The University policy on grading and related matters is described in [F.1](#) and [F.2](#) of the online University Calendar.

In determining the overall grade in the course the following weights will be used:

Component(s)	Weighting %	Date
Class Participation	30	Continually
Reflection (5)	40	Jan 29, Feb 12, Mar 5, Mar 19, Apr 14
Presentations (5)	30	Jan 25, Feb 22, Mar 8, Mar 28, Apr 9

Each piece of work (reports, assignments, quizzes, midterm exam(s) or final examination) submitted by the student will be assigned a grade. The student's grade for each component listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

The conversion between a percentage grade and letter grade is as follows.

	A+	A	A-	B+	B	B-	C+	C	C-	D+	D
Minimum % Required	98 %	93 %	88 %	83%	78%	73 %	68 %	63%	58%	54 %	50 %
