Grade Determination and Examination Details:

Final Examination		50%	
		100%	

Tests and final exams are marked on a numerical (percentage) basis, and then converted to letter grades. The course grade is then calculated using the weights indicated above. As a guide to determining standing, these letter grade equivalences will apply:

A+	95 – 100	B	74 – 76	C-	60 – 63
A	87 – 94	B-	70 – 73	D+	56 – 59
A-	82 – 86	C+	67 – 69	D	50 – 55
B+	77 – 81	C	64 – 66	F	0 – 49

A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

Students seeking reappraisal of a piece of graded term work (including the midterm exams) should discuss their work with the instructor *within fifteen (15) days* of it being returned to class. Re-graded work stands an equal chance of having a higher or lower score assigned. Any term work, which is not returned during regular class time, may be collected from the instructor during office hours.

Assignments

1. The files with the assignments will appear in D2L at least 2 weeks before the assignment is due. All assignment questions are multiple choice. Assignment should be submitted online on D2L. Please refer to the instructions of how to submit your assignment.
2. Assignments will be due at **3pm on October 20 and November 28, 2014**. Since the submission of assignment is electronic, late assignments will not be accepted under any circumstances.

MindTap and Practice Problems:

1. If you choose one of the textbook options that include MindTap, you will be required to access the MindTap website (instructions come during first class). Please register on the website within the first week of classes. Should you only purchase the online textbook with MindTap access, you have to pay for MindTap within the deadline set by MindTap.

2. Using MindTap, you will be able to complete practice problem sets. **MindTap problem sets are entirely optional, as is the purchase of MindTap.**
3. Emails regarding MindTap should be directed towards the providers of MindTap or to the teaching assistants (TAs) that will be assigned to this course.

Examinations:

1. Test and exams WILL consist of the multiple-choice questions.
2. The midterm examination will be held in class.
3. There will be a Registrar scheduled final examination, lasting 2 hours. It will be a comprehensive examination of all-material covered in the course.
4. The exam must be completed during the specified time. Extra time will not be given for any reason.
5. All examinations will be closed-book.
6. Deferred examinations will not be given except in the case of the Final Examination, where this possibility is provided for in the university's Academic Regulations. Note that deferred final examination may contain short/long answer questions. Also, deferred final examination does not have to cover the same material or have the same format as the regular final examination.
7. Students should be aware that no "make-up" midterms will be given. Any student who finds it necessary to miss the midterm must notify the instructor in advance and produce a valid medical certificate or other required documentation in order to have the weighting adjusted. This adjustment will result in the final exam counting for 85% of the final grade and the assignments counting for 15% of the final grade.
8. Examinations will not be given before the indicated examination date. For further information see the 2014-2015 Calendar.
9. The use of a non-programmable calculator during test and examination is permitted. The use of graphing calculators, cell phones, and computers is not permitted.
