

UNIVERSITY OF  
CALGARY

## Department of Economics Course Outline

		<b>Term:</b>	Spring 2011
<b>Course:</b>	Economics 203 [Principles of Macroeconomics]	<b>Section:</b>	21
<b>Time:</b>	TR 14:00 – 16:50	<b>Place:</b>	ST 61
<b>Instructor:</b>	Marian Miles	<b>Email:</b>	<a href="mailto:mamiles@ucalgary.ca">mamiles@ucalgary.ca</a>
<b>Office:</b>	SS 447	<b>Phone:</b>	220-5740
<b>Office Hours</b>	T 13:00 – 13:50 W 08:00 – 08:50		

**Email Support for Aplia:** Please contact Aplia.

**Textbook(s):**

*Required:* Mankiw et al. *Principles of Macroeconomics*, 5<sup>th</sup> Canadian edition, Nelson Education Ltd. +Aplia Access Kit  
**OR**  
Aplia Access Kit for Mankiw et al. (see above) with online version of textbook

*Optional:* E-Study Guide for above – see website  
<http://www.nelsonbrain.com/shop/index.html>

**Book(s) on Reserve:** None

**Blackboard:** This course will make use of Blackboard - students who are registered in the course can log on at <http://blackboard.ucalgary.ca/webapps/login>. Please note that Blackboard features a class e-mail list that I will use. It is your responsibility to ensure that Blackboard uses the e-mail address of your choice. The default is your University of Calgary e-mail address.

**Course Outline:** This course focuses on key macroeconomic concepts in order to understand the problems faced by government policy makers. (Some of the topics listed below may be added or deleted depending on time constraints.)

- |   |                |
|---|----------------|
| 1. The Data of Macroeconomics           | Chapters 5-6   |
| 2. The Real Economy in the Long Run     | Chapters 7-10  |
| 3. Money and Prices in the Long Run     | Chapters 11-12 |
| 4. The Macroeconomics of Open Economies | Chapters 13    |
|   | .../2          |

- |                                    |                |
|------------------------------------|----------------|
| 5. Short-Run Economic Fluctuations | Chapters 14-16 |
| 6. Final Thoughts                  | Chapter 17     |

**Grade Determination and Final Examination Details:**

6 assignments (best 5 counted, 4% each)	20 %
Midterm Examination (March 4)	30 %
Final Examination	50%

## Assignments:

## Assignments and Practice Problems:

1. In order to complete assignments in this course, you will be required to access the Aplia website at <http://econ.aplia.com> . Please register on the website within the first week of classes.
2. All assignments will be due at 10:00 PM on the due date. Due dates for assignments will be discussed and posted on Blackboard during the first week of classes. It is your responsibility to remember the due dates. Late assignments cannot be accepted by Aplia. Please note that many of the assignments have multiple parts to them, all of which must be completed by the time noted.
3. Course material dealing with a particular assignment will typically be covered in class at least one lecture before the assignment is due and assignments can be done at any time prior to the due date. In addition, only the best 5 assignments of the 6 that are to be completed will count towards your final mark. Given these factors, only situations where someone can document illness or domestic affliction for an extended period (i.e. the entire 10 days prior to the assignment due date) would possibly warrant shifting the assignment weight to the final exam. Furthermore, technical problems can be expected to sometimes occur with computer systems and internet availability so it may be a good idea to not wait until the last minute to submit your assignment – again, given that one of the assignments will not count toward your final mark, technical problems will typically not justify shifting the assignment weight to the final exam.
4. Emails regarding Aplia should be directed towards the providers of Aplia. I am unable to help with computer issues.

## Examinations:

1. Examinations will consist of multiple-choice questions.
2. The midterm examination will cover the material in Chapters 5 – 11 inclusive, and the exam will be held during lecture time.

3. The final examination will cover all course material but will be heavily weighted towards material that was not dealt with in the midterm (i.e. >70% of the final will cover Chapters 12 – 17).
4. A non-programmable calculator may be used in the examinations. Assignments, tests and final exams are marked on a numerical (percentage) basis. The marks are then added using the weights indicated above and converted into letter grades. As a guide to determining standing, these letter grade equivalences will generally apply:

A+	97– 100	B	76 – 80	C-	59 – 62
A	90 – 96	B-	71 – 75	D+	55 – 58
A-	86 – 89	C+	67 – 70	D	50 – 54
B+	81 – 85	C	62 – 66	F	0 – 49

A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

**Notes:**

1. Students should be aware that generally no "make-up" midterms will be given. Any student who finds it necessary to miss the midterm must notify the instructor in advance and produce a valid medical certificate or other required documentation in order to have the weighting moved to the final examination. Note that deferred final examinations may contain short/long answer questions. Also, deferred final examinations do not have to cover the same material or have the same format as the regular final examination.
2. Students should be aware of the academic regulations outlined in The University of Calgary Calendar.
3. It is the student's responsibility to request academic accommodations. If you are a student with a documented disability who may require academic accommodation and have not registered with the Disability Resource Centre, please contact their office at 220-8237. Students who have not registered with the Disability Resource Centre are not eligible for formal academic accommodation. You are also required to discuss your needs with your instructor no later than seven (7) days after the start of this course.
4. Students seeking reappraisal of a piece of graded term work should discuss their work with the instructor *within seven days* of work being returned to class. However, the earliest that grades will be discussed will be the next scheduled office hour after the return of an assignment or examination.
5. Students will be responsible for all material listed on the course outline, regardless of whether or not the material has been covered in class, unless the instructor notifies the class that the material will not be covered.

6. Please note that the following types of emails will receive **no response**: emails not addressed to anyone in particular; emails where the recipient's name is not spelled correctly; anonymous emails; emails in which the sender has not identified which course and section he/she is taking; and, emails involving questions that are specifically addressed on the course outline.
