

UNIVERSITY OF
CALGARY

Department of Economics Course Outline

	Term: Summer 2009
Course: Economics 203 [Principles of Macroeconomics]	Section: 60
Time: Lecture: TR 13:00 – 15:50	Place: ST145
Instructor: Marian Miles	Email: mamiles@ucalgary.ca
Office: SS447	Phone: 220-5740
Office Hours: TR 12:00 – 12:50 (Tutorial)	

Email Support for Aplia: Please contact Aplia.

Textbook(s):

Required: Mankiw et al. *Principles of Macroeconomics*, 4th Canadian edition. Thomson Nelson. + Aplia Software Kit (sold together) **or** Aplia Software Kit (sold by itself): This kit gives you access to an on-line version of the textbook.

Optional: Study Guide for above.

Book(s) on Reserve: Mankiw et al. *Principles of Macroeconomics*, 4th Canadian edition. Thomson Nelson.

Blackboard: This course will make use of Blackboard - students who are registered in the course can log on at <http://blackboard.ucalgary.ca/webapps/login>. Please note that Blackboard features a class e-mail list that I will use. It is your responsibility to ensure that Blackboard uses the e-mail address of your choice. The default is your University of Calgary e-mail address.

Course Outline: This course focuses on key macroeconomic concepts in order to understand the problems faced by government policy makers. (Some of the topics listed below may be added or deleted depending on time constraints.)

- | | |
|---|----------------|
| 1. The Data of Macroeconomics | Chapters 5-6 |
| 2. The Real Economy in the Long Run | Chapters 7-10 |
| 3. Money and Prices in the Long Run | Chapters 11-12 |
| 4. The Macroeconomics of Open Economies | Chapters 13 |
| 5. Short-Run Economic Fluctuations | Chapters 14-16 |
| 6. Final Thoughts | Chapter 17 |

Grade Determination and Final Examination Details:

5 assignments (using Aplia)	20 %
Midterm Examination (July 21)	30 %
Final Examination	50%

Assignments:

1. In order to complete assignments in this course, you will be required to access the Aplia website at <http://econ.aplia.com>. Please register on the website by May 20th.
2. Due dates for the assignments will be announced during the first week of the semester, and posted on Blackboard.
3. Course material dealing with a particular assignment will typically be covered in class at least one lecture before the assignment is due; thus, assignments can be completed at any time up to and including the due date. Given these factors, only situations where someone can document illness or domestic affliction for an extended period (i.e., the entire week prior to the due date) would possibly warrant shifting the assignment weight to the final exam. Furthermore, technical problems can be expected to sometimes occur with computer systems and internet availability so it may be a good idea to not wait until the last minute to submit your assignment. Technical problems will not justify shifting the assignment weight to the final exam.
4. Emails regarding Aplia should be directed towards the providers of Aplia.

Examinations:

1. Examinations will consist of multiple-choice questions.
2. The midterm examination, a two hour exam, will be held during the lecture time on June 8th.
3. The final examination will last two hours, and will be scheduled by the Registrar.
4. A non-programmable calculator may be used in the examinations.

Assignments, tests and final exams are marked on a numerical (percentage) basis. The marks are then added using the weights indicated above and converted into letter grades. As a guide to determining standing, these letter grade equivalences will generally apply:

A+	97 – 100	B	79 – 83	C-	62 – 66
A	92 – 96	B-	76 – 78	D+	57 – 61
A-	89 – 91	C+	73 – 75	D	50 – 56
B+	84 – 88	C	67 – 72	F	0 – 49

A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

Notes:

1. Students should be aware that no "make-up" midterms will be given. Any student who finds it necessary to miss the midterm must notify the instructor in advance and produce a valid medical certificate or other required documentation in order to have the weighting moved to the final examination. Note that deferred final examinations may contain short/long answer questions. Also, deferred final examinations do not have to cover the same material or have the same format as the regular final examination.
2. Examinations will not be given prior to the scheduled date.
3. Students should be aware of the academic regulations outlined in The University of Calgary Calendar.
4. Students seeking reappraisal of a piece of graded term work should discuss their work with the instructor *within seven* days of work being returned to class. However, the earliest that grades will be discussed will be the next scheduled tutorial after the return of an assignment or examination.
5. Students will be responsible for all material listed on the course outline, regardless of whether or not the material has been covered in class, unless the instructor notifies the class that the material will not be covered.
6. Please note that in general emails will be answered in the next lecture. The following types of emails will receive **no response**: emails not addressed to anyone in particular; emails where the recipient's name is not spelled correctly; anonymous emails; emails which do not specify the course and section in which you are registered; and, emails involving questions that are specifically addressed on the course outline.
7. It is the student's responsibility to request academic accommodations. If you are a student with a documented disability who may require academic accommodation and have not registered with the Disability Resource Centre, please contact their office at 220-8237. Students who have not registered with the Disability Resource Centre are not eligible for formal academic accommodation. In the Department of Economics, we recommend that all students enrolled in the Spring/Summer session, should discuss their needs with the instructor of the course no later than seven (7) days after the start of this course.
