Course Description:

This course addresses the measurement of economic variables related to the performance of an economy (e.g., national income, inflation, unemployment, and growth), the determinants of these variables, and how these variables are influenced by institutions and government policy. There is a particular focus on understanding economic fluctuations in the short-run and economic growth in the long-run. The objective is to understand how the macroeconomy works, when it works well, when it does not work well, and the role for governments in influencing how it works.

Course Objective:

Students who complete Econ 203 successfully will be able to understand introductory macroeconomic theory, solve basic macroeconomic problems, and use these techniques to think about policy questions affecting the economy. This will include being able to understand measurement issues associated with macroeconomic variables; the determinants of national income, unemployment, exchange rates, interest rates, and inflation; the determinants of economic growth and the effects of government policy and institutions on promoting economic growth; the causes of business cycles and the effects of policy responses; the implications of being a small open economy for macroeconomic performance and government policy; and the relationship between financial markets and the real economy.

Course Learning Outcomes:

The curriculum for Econ 203 is organized around six broad topic areas. The key principles and models are introduced in the context of addressing these six broad topic areas. The six topic areas are:

- ❖ *Introduction and Measurement of Economic Activity:* Students are introduced to the key macroeconomic variables of interest, national income, unemployment, inflation, interest rates, growth rates, and exchange rates, as well as how these are measured, and the difficulties associated with their measurement and interpretation.
- ❖ *Real Economy in the Long Run:*
 - ✚ The determinants of national income in the long run, emphasizing the determinants of economic growth in a market economy and the role of government policies and institutions on the rate of economic growth. The concept and determinants of productivity and its importance for the standard of living.
 - ✚ The functioning of the labour market and the determinants of employment and unemployment.
- ❖ *Money and Prices in the Long Run.* The focus is on money, prices, and interest rates in the long run.
 - ✚ Defining the roles of money and the characteristics that make something money. Understanding the banking system, fractional reserve banking, and how central monetary

- authorities can control the money supply. Design of monetary policy and central bank independence.
- ✚ The causes, costs, and benefits of inflation.
- ✚ The linkage between monetary policy and interest rates.
- ❖ *Economic Fluctuations and Stabilization: Short Run Macroeconomics.* Macroeconomic modelling in the short run: aggregate demand and aggregate supply. Business cycles and the inherent instability of market economies and the potential role for fiscal and monetary policy to stabilize the economy. Linkages between the real and financial sides of the economy, including financial leveraging and asset bubbles and their liquidation. The Philips curve, supply shocks, and expectations. The effects and consequences of government debt and deficits.
- ❖ *Open economy macro.* Foreign exchange rates and markets, balance of payments, and international capital flows. The implications of a small open economy for interest rates, exchange rates, and the level of economic activity, as well as on the effect of government policy.
- ❖ *Debates in Macroeconomic Policy.*

Course Outline:

The following table maps the corresponding chapters from the Mankiw books to the six topic areas.

Topic	Mankiw Chapter(s)
Introduction and the Measurement of Economic Activity	1, 2, 5 and 6
The Real Economy in the Long Run	7, 8, and 9
Money and Prices in the Long Run	10 and 11
Open Economy Macro	3, 12, and 13
Economy in the Short Run	14, 15, 16, and 17
Debates in Macroeconomic Policy	18

Prerequisites/corequisites:

ECON 201

Required Textbook(s):

Mankiw NG, RD Kneebone and KJ McKenzie (2020), Principles of Macroeconomics, Eighth Canadian Edition, Toronto: Nelson. ISBN: 978-0-17-687283-0

Online Delivery:

This course will be delivered online. Students are expected to be able to participate online in accordance with this Course Outline. Lectures, assignments, office hours, exams, readings and other course material, etc. all require online access and this access is the responsibility of the student.

In order to remotely participate in online courses, students will need to have computer with a current and updated operating system (macOS or Windows will work with all university-supported online learning technologies), a current and updated web browser installed – the latest versions of Firefox, Safari, Chrome or Edge will help to avoid compatibility issues, secure and reliable internet, microphone / headphones, webcam (optional), scanner (or camera to scan your work).

Desire2Learn:

This course will make use of the Desire2Learn (D2L) platform. Students who are registered in the course can log on at <http://d2l.ucalgary.ca> through their student centre. Please note that D2L features a class e-mail list that may be used to distribute course-related information. These e-mails go to your University of Calgary e-mail addresses only.

Lectures:

Lectures will be delivered online at the Registrar scheduled times and delivered using ZOOM. The lectures will be recorded and subsequently posted to D2L.

Tutorials:

Students are expected to attend “virtually” the tutorial sections to which they have been assigned. Tutorials will be offered online, typically using ZOOM, but can involve moderated discussion boards and curated delivery of alternative online resources. During the tutorials, the TA will discuss pre-assigned questions and additional material relevant to the course that is not covered in lectures.

Grade Determination and Final Examination Details:

ASSIGNMENT 1 (due July 15 @ 6 PM)	10%
MIDTERM EXAM (July 20 @ 6 PM)	30%
ASSIGNMENT 2 (due August 5 @ 6 PM)	10%
FINAL EXAMINATION	50%
	<hr/>
	100%

The official grading system will be used. See <http://www.ucalgary.ca/pubs/calendar/current/f-1-1.html>.

In calculating the overall grade point average, part points of 0.5 or above will be rounded up and those below 0.5 will be rounded down. A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

If a student’s letter grade on the final exam exceeds their midterm(s) letter grade, the weight of the midterm(s) may be transferred to the final exam at the discretion of the instructor. The student must have written the midterm(s) or provided supporting documentation for the absence(s) such as a medical note or statutory declaration.

As per the Writing Across the Curriculum Statement in the Calendar, writing and grading thereof will be a factor in the evaluation of student work. See <https://www.ucalgary.ca/pubs/calendar/current/e-2.html>.

Tests and exams will involve multiple choice questions and / or fill-in-blank questions to be available and completed online in D2L.

Course material dealing with a particular assignment will typically be covered in class at least 2 days before the assignment is due; thus, assignments can be completed at any time up to and including the due date. Given these factors, only situations where someone can document illness or domestic affliction for an extended period (i.e., the entire prior to the due date) would possibly warrant shifting the assignment weight to the final exam. Furthermore, technical problems can be expected to occur with computer systems (and internet availability) so it may be a good idea to not wait until the last minute to submit your assignment.

Final Exam: The final examination will be comprehensive. The exam will be designed and intended to be completed in 2 hours. Students will have 50% more time to complete the exam, at a time of their choosing, within the 24-hour period that begins 24 hours before the end date of the Registrar's scheduled final exam for this course. The exam will be OPEN book.

Midterm: The midterm will include chapters covered in class up to a point as will be communicated in class by the instructor. The exam will be designed and intended to be completed in 75 minutes. Students will have 50% more time to complete the exam, at a time of their choosing, within a 24-hour period that

starts at **6:00 PM, 19-Jul-2021 (Monday)** and ends at **6:00 PM, 20-Jul-2021 (Tuesday)**. The exam will be OPEN book.

All other course components will also be accessed, submitted, and returned through D2L.

If a student cannot write their final exam on the date assigned by the Registrar's Office, they need to apply for a deferred exam <https://www.ucalgary.ca/pubs/calendar/current/g-6.html>. Under no circumstance will this be accommodated by the Department.

The exact date for the in-class midterm will be announced at least one week in advance.

THERE WILL BE NO MAKEUP OR DEFERRED QUIZZES/TESTS/EXAMS under any circumstances, nor may the quizzes/tests/exams be written early. Students unable to write the quizzes/tests/exams because of documented illness, family emergency, religious observance, or university-sanctioned event will have the weight shifted to the final examination; otherwise a grade of zero will be assigned.

Reappraisal of Grades and Intellectual Honesty:

ACADEMIC MISCONDUCT

Academic Misconduct refers to student behavior that compromises proper assessment of students' academic activities and includes: cheating; fabrication; falsification; plagiarism; unauthorized assistance; failure to comply with an instructor's expectations regarding conduct required of students completing academic assessments in their courses; and failure to comply with exam regulations applied by the Registrar.

Student committing academic misconduct during the final exam will not receive a passing grade for the course.

For information on the Student Academic Misconduct Policy, Procedure and Academic Integrity, please visit: <https://www.ucalgary.ca/pubs/calendar/current/k-3.html>

Academic Accommodations:

Students seeking an accommodation based on disability or medical concerns should contact Student Accessibility Services. SAS will process the request and issue letters of accommodation to instructors. Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their Instructor. The full policy on Student Accommodations is available at

Freedom of Information and Protection of Privacy (FOIP) Act:

Personal information is collected in accordance with FOIP. Assignments can only be returned to the student and will be accessible only to authorized faculty and staff. For more information, see <https://www.ucalgary.ca/legal-services/access-information-privacy>

Internet and Electronic Communication Device information:

The use of cell phones for any purpose in class is prohibited. Computers and tablets may be used for note taking only unless otherwise authorized by the instructor.

Copyright Legislation:**Copyright Legislation:**

See the University of Calgary policy on Acceptable Use of Material Protected by Copyright at <https://www.ucalgary.ca/legal-services/university-policies-procedures/acceptable-use-material-protected-copyright-policy> Students who use material protected by copyright in violation of this policy may be disciplined under the Non-Academic Misconduct Policy.

Course materials created by instructors (including presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the instructor. These materials may NOT be reproduced, redistributed or copied without the explicit consent of the instructor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing.

Recording of Lectures:

Recording of lectures is prohibited, except for audio recordings authorized as an accommodation by SAS or an audio recording for individual private study and only with the written permission of the instructor. Any unauthorized electronic or mechanical recording of lectures, their transcription, copying, or distribution, constitutes academic misconduct. See <https://www.ucalgary.ca/pubs/calendar/current/e-6.html>.
