Grade Determination and Final Examination Details:

There will be one midterm test and a two-hour Registrar scheduled final examination, which will be held in a classroom. The weights of these in the course grade are as follows:

Midterm Test	50%
Final exam	50%

Tests and final exams are marked on a numerical (percentage) basis, then converted to letter grades. The course grade is then calculated using the weights indicated above. As a guide to determining standing, these letter grade equivalences will generally apply:

A+	96 – 100	B+	81 – 84	C+	68 – 71	D+	55 – 58
A	89 – 95	B	76 – 80	C	63 – 67	D	50 – 54
A-	85 – 88	B-	72 - 75	C-	59 – 62	F	0 – 49

Part marks of 0.5 or above will be rounded up; those below 0.5 will be rounded down.

A passing grade on any particular component of the course is not essential if a student is to pass the course as a whole.

Non-programmable calculators will be allowed during the writing of tests or final examinations. The use of electronic devices in class for purposes unrelated to class (for example, checking email, watching movies, Facebook, etc.) is not allowed. Doing work unrelated to class disturbs others and should be done outside of class. Tests and/or the final examination may include multiple choice questions.
