### Course Description:

This course is the second in a pair of courses designed to acquaint students with microeconomic theory. Microeconomics is concerned with a systematic understanding of the choices of individuals, firms, and organizations. It seeks to address the social consequences of the behaviour of economic agents. This course will extend and build on the theory of the consumer, the theory of the firm, and the theory of perfect competition introduced in Economics 301. The theory of general competitive equilibrium will be studied intensively. Particular attention will be devoted to its efficiency and welfare properties. Social choice theory (what should be the allocation of resources) and public choice theory (how government policy is determined). Market failures from imperfect competition, externalities, public goods, and informational asymmetries.

### Course Learning Outcomes:

Students who successfully complete this course will further develop their mastery and understanding of the methodology of microeconomic theory by applying it to the following topics.

- i. Extensions to Consumer Theory: Intertemporal Choice, Uncertainty, Risky Assets, Insurance
- ii. Market Power: Monopoly, Price Discrimination
- iii. Imperfect Competition and Game Theory: Prisoner's Dilemma and Nash equilibrium; Cournot, Bertrand, and Collusion
- iv. General Equilibrium and the Fundamental Theorems of Welfare Economics: Exchange Economy; 2x2x2 Production Economy
- v. Social Welfare and Economic Equity: Bergson Social Welfare Functions; Arrow's Impossibility Theorem
- vi. Market Failure I, Externalities: Tragedy of the Commons, Pigouvian Taxes and Subsidies, Property Rights, The Coase Theorem
- vii. Market Failure II, Public Goods: Optimality Condition; Private Financing and the Free Rider Problem
- viii. Market Failure III, Asymmetric Information: Adverse Selection, Moral Hazard, Principles and Agents
- ix. Public Choice: Government Failure (time permitting)

**Prerequisites/corequisites:**

Econ 301 and one of Math 249, 251, 265, 281

**Recommended Textbook(s):**

Hal Varian, *Intermediate Microeconomics: A Modern Approach*, 9<sup>th</sup> ed., Norton 2014.

I will post detailed lecture notes (slides) for each section on D2L. In this regard, please see the section on **Instructor Intellectual Property** below. I do not follow the textbook explicitly and often take a different approach. You will find the Varian book useful as reference. However, my assignments and midterms will not be based on questions that appear in the textbook; they can be answered based on the knowledge imparted and contained in the class slides. Because of this, purchasing the textbook is a recommendation, but not at all a requirement.

**Books on Reserve:**

The list of reserve titles, if any, is posted at the course D2L site.

**Desire2Learn:**

This course will make use of the Desire2Learn (D2L) platform. Students who are registered in the course can log on at <http://d2l.ucalgary.ca> through their student centre. Please note that D2L features a class e-mail list that may be used to distribute course-related information. These e-mails go to your University of Calgary e-mail addresses only.

**Tutorials:**

Students are expected to attend the weekly tutorial section to which they have been assigned. During the tutorials, the TA will discuss pre-assigned questions and additional material relevant to the course that is not covered in lectures. **Students are strongly encouraged to attend.**

**PASS:**

Econ 357 is part of the Peer Assisted Study Session ("PASS") program funded by the Student Success Centre and the Department of Economics. PASS sessions for Econ 357 are offered weekly during which students work collaboratively, guided by a PASS Leader, on difficult concepts. PASS offers alternative approaches and strategies to develop an understanding of the course material. The PASS Leader for Econ 357 has recently taken the course, attends lectures, and has been trained to facilitate collaborative learning and group study. PASS sessions are about students working together to understand course material and develop better academic habits. Students who attend PASS regularly have higher course GPAs and lower DFW rates than those who do not.

**Grade Determination:**

MIDTERM EXAM on Feb 17 during class time	20%
FINAL EXAMINATION	40%
FOUR ASSIGNMENTS, 10% each, due: Feb 1, Feb 15 and March 22 and April 5	40%
	<hr/>
	100%

**Examination Details:**

Tests and exams WILL NOT involve multiple choice questions.

Programmable calculators, cellphones, textbooks, course notes, and other electronic devices will not be allowed during the writing of tests or final examinations. Note that simply being able to access a cellphone during an exam is considered academic misconduct.

The date for the in-class midterm is February 17.

**Grading Policies:**

The official grading system will be used. See <http://www.ucalgary.ca/pubs/calendar/current/f-1-1.html>.

Students must receive a passing grade on the final exam to pass the course. Students committing academic misconduct during the final exam will not receive a passing grade for the course.

If a student's letter grade on the final exam exceeds their midterm(s) letter grade, the weight of the midterm(s) is (are) transferred to the final exam. The student must have written the midterm(s) or provided supporting documentation for the absence(s). For Winter 2023 the University has suspended the requirement for supporting documentation. Instructors cannot currently ask students for documentation to support absences.

As per the Writing Across the Curriculum Statement in the Calendar, writing and grading thereof will be a factor in the evaluation of student work. See <https://www.ucalgary.ca/pubs/calendar/current/e-2.html>.

Any student work which remains undistributed after the last day of classes will be available to students through the instructor's office during the instructor's office hours.

The final examination will be comprehensive, scheduled by the Registrar, held in a classroom, and last 2 hours. If a student cannot write their final exam on the date assigned by the Registrar's Office, they need to apply for a deferred exam <https://www.ucalgary.ca/pubs/calendar/current/g-6.html>. Under no circumstance will this be accommodated by the Department.

THERE WILL BE NO MAKEUP OR DEFERRED QUIZZES/TESTS/EXAMS under any circumstances, nor may the quizzes/tests/exams be written early. Students unable to write the quizzes/tests/exams because of documented illness, family emergency, religious observance, or university-sanctioned event will have the weight shifted to the final examination; otherwise a grade of zero will be assigned.

**Reappraisal of Grades:**
