Course Description

The objective of this course is to introduce you to the study of macroeconomics at the advanced level. This means that we will use rigorous models and employ dynamic optimization techniques to present and analyze macroeconomic theories. Topics will include basic facts of economic growth and long-run economic development; Solow growth model; dynamic programming; basic neoclassical growth model.

Course Outcomes:

On successful completion of this course, students will be able to:

- Cross the gap between undergraduate textbooks in macroeconomics and the modern literature that features dynamic models built upon microeconomic foundations and rational expectations.
- Understand the neoclassical growth model-the workhorse of modern macroeconomic.
- Learn how to use key methodological tools in modern dynamic macroeconomics.
- Establish a strong foundation for further study of modern macroeconomics.

Course Outline:

1. Facts of economic growth
2. Solow growth model
3. Fundamental of Neoclassical Growth
4. Dynamic Programming
5. Neoclassical growth model
6. Unemployment (depending on students' interest and time availability)

Prerequisites/corequisites:

ECON 559 or equivalent courses

Main Textbook:

Acemoglu, Daron (2009) *Introduction to Modern Economic Growth*, Princeton Univ Press

Recommended Textbook(s):

Romer, *Advanced Macroeconomics*, McGraw-Hill.

Lars Ljungqvist and Thomas J. Sargent, *Recursive Macroeconomic Theory*, The MIT Press

Online Delivery:

This course will be delivered online. Students are expected to be able to participate online in accordance with this Course Outline. Lectures, assignments, office hours, exams, readings and other

course material, etc. all require online access and this access is the responsibility of the student. The instructor will make an effort to provide reasonable accommodations and flexibility as circumstances require. Students are expected to raise with the instructor at the beginning of the semester any potential concerns that require such accommodations.

In order to remotely participate in online courses, students will need to have: computer with a current and updated operating system (macOS or Windows will work with all university-supported online learning technologies), a current and updated web browser installed – the latest versions of Firefox, Safari, Chrome or Edge will help to avoid compatibility issues, secure and reliable internet, microphone / headphones, webcam (optional), scanner (or camera to scan your work).

Desire2Learn:

This course will make use of the Desire2Learn (D2L) platform. Students who are registered in the course can log on at <http://d2l.ucalgary.ca> through their student centre. Please note that D2L features a class e-mail list that may be used to distribute course-related information. These e-mails go to your University of Calgary e-mail addresses only.

Lectures:

Lectures will be delivered online at the Registrar scheduled times and delivered using ZOOM. The lectures will be recorded and subsequently posted to D2L.

Grade Determination/Assessment:

Grade Determination and Final Examination Details

Department of Economics Criteria for Letter Grades. Economics professors use the following criteria when assigning letter grades:

Grade	Grade Point Value	Description
A+	4.00	Outstanding
A	4.00	Excellent-superior performance, showing-comprehensive understanding of subject matter
A-	3.70	Very good performance
B+	3.30	Good performance
B	3.00	Satisfactory performance
B-	2.70	Minimum pass for students in the Faculty of Graduate Studies
C+	2.30	All grades below “B-” are indicative of failure at the graduate level and cannot be counted toward Faculty of Graduate Studies course requirements. Individual programs may require a higher passing grade.

A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

The final examination will be comprehensive and scheduled by the Registrar. Students will download the exam from D2L, complete the exam, scan it, and submit using Dropbox in D2L. Student will have 50% more time to complete the exam, at a time of their choosing, within the 24-hour period that begins 24 hours before the end date of the Registrar's scheduled final exam for this course. The exam is designed and intended to be completed in two hours. The exam will be OPEN book.

The midterm exams are take-home exams designed and intended to be completed in 75 minutes. The exams will be OPEN book. The exams will be available on D2L. Student will download the exam from D2L, complete the exam, scan it, and submit using Dropbox in D2L. Student will have 50% time extension to complete the exam, at a time of your choosing, within a 24-hour period determined by the instructor.

Absence from a Test/Exam

THERE WILL BE NO MAKEUP OR DEFERRED QUIZZES under any circumstances, nor may the quizzes be written early. Students unable to write the quizzes because of documented illness, family emergency, religious observance, or university-sanctioned event will have the weight shifted to the final examination; otherwise a grade of zero will be assigned. If a student cannot write their final exam on the date assigned by the Department, they need to arrange for a deferred exam with the department.

Reappraisal of Grades and Intellectual Honesty:

For reappraisal of graded term work, see Calendar I.2
