To account for any necessary transition to remote learning in the winter 2022 semester, courses with in-person lectures, labs, or tutorials may be shifted to remote delivery for a certain period of time. In addition, adjustments may be made to the modality and format of assessments and deadlines, as well as to other course components and/or requirements, so that all coursework tasks are in line with the necessary and evolving health precautions for all involved (students and staff).

In Person Delivery Details:

This course will be delivered in-person. To promote a healthy and safe learning, working, and living environment, non-medical face masks must now be worn in all public indoor areas on the University of Calgary campus where physical distancing is not possible. All students are therefore required to wear appropriate face masks when entering the lecture room and during all lectures. Students are also asked to adhere to physical distancing principles as best as possible in the lecture room.

Re-Entry Protocol for Labs and Classrooms:

To limit the spread of COVID-19 on campus, the University of Calgary has implemented safety measures to ensure the campus is a safe and welcoming space for students, faculty and staff. The most current safety information for campus can be found [here](#).

Prerequisite or Corequisite: Environmental Science 401.

3. **Grading:**

The University policy on grading and related matters is described in [F.1](#) and [F.2](#) of the online University Calendar.

In determining the overall grade in the course the following weights will be used:

Course Component	Weight	Due Date (duration for exams)	Modality for exams	Location for exams
Participation	10%	Ongoing		
Group Assignment (Team Charter)*	5%	Oct 07 2021		
Group Research Proposal*	10%	Oct 28 2021		
Quiz 1	2.5%	Nov 04 2021		
Quiz 2	2.5%	Dec 07 2021		
Individual Assignment	15%	Jan 09 2022		
Quiz 3 ¹	2.5%	Feb 10 2022		
Quiz 4 ²	2.5%	Apr 05 2022		
Group Project Report*	25%	Apr 12 2022		
Group Poster*	15%	Apr 12 2022		
Group Final Oral Presentation*	10%	Apr 12 2022		

¹ This timed assessment will be available on D2L on February 10, 2022 between 8:00 am-9:00 am. You will have 60 minutes to complete and submit it. If you experience an issue that affects your ability to complete the online assessments, which can include (but is not limited to) issues with technology, time zone issues, caregiving responsibilities, or distractions within your test-taking environment, you will need to contact your instructor as soon as possible.

² Quiz 4 is scheduled to be in-person. Should it have to switch to online, the delivery will be the same as Quiz 3.

Each piece of work (reports, assignments, quizzes, midterm exam(s) or final examination) submitted by the student will be assigned a grade. The student's grade for each component listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

The conversion between a percentage grade and letter grade is as follows.

	A+	A	A-	B+	B	B-	C+	C	C-	D+	D
Minimum % Required	95 %	90 %	85 %	80%	75%	70 %	65 %	60%	55%	50 %	45 %

* For the group work, each student will give a weight to the contribution of their group members to reflect their contribution to the project. The peer evaluation will be conducted at the end of the fall term and at the end of the winter term. The instructors have the right to change this weighting in the interest of fairness.

The University of Calgary offers a [flexible grade option](#), Credit Granted (CG) to support student's breadth of learning and student wellness. Faculty units may have additional requirements or restrictions for the use of the CG grade at the faculty, degree or program level. To see the full list of Faculty of Science courses where CG is not eligible, please visit the following website: <https://science.ucalgary.ca/current-students/undergraduate/program-advising/flexible-grading-option-cg-grade>

4. Missed Components Of Term Work:

The university has suspended the requirement for students to provide evidence for absences. Please do not attend medical clinics for medical notes or Commissioners for Oaths for statutory declarations.

In the event that a student legitimately fails to submit any online assessment on time (e.g. due to illness etc...), please contact the course coordinator, or the course instructor if this course does not have a coordinator to arrange for a re-adjustment of a submission date. Absences not reported within 48 hours will not be accommodated. If an excused absence is approved, one possible arrangement is that the percentage weight of the legitimately missed assignment could also be pro-rated among the components of the course. This option is at the discretion of the coordinator and may not be a viable option based on the design of this course.

5. Scheduled Out-of-Class Activities:

There are no scheduled out of class activities for this course.

The Department will arrange for a reappraisal of the work within the next ten business days.
