3. **Grading:** The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Tests (3)	60%	(Oct 5, Oct 26, Nov 23 – in Class)
Final Examination	40%	(To be scheduled by the Registrar)

A passing grade in the final exam is essential if the student is to pass the course as a whole (grade of C- or better).

Each piece of work submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade [bearing in mind that an F grade may be assigned if the student fails to pass a given component]. The conversion between course percentage and letter grade will be no more onerous than given below:

Letter Grade Conversions	
Letter Grade	% range
A+	>95
A	88–94.5
A-	84–87.5
B+	80–83.5
B	76–79.5
B-	72–75.5
C+	68–71.5
C	64–67.5

C-	60–63.5
