3. **Grading:** The University policy on grading and related matters is described sections [F.1](#) and [F.2](#) of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Quizzes (4)	4 x 12.5% (May 27, June 3, 10, 17 in tutorials)
Final Examination	50% (To be scheduled by the Registrar)

A passing grade in the Final Examination is essential for an overall grade of C- or better.

Each piece of work (quizzes, midterm test or final examination) submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade [bearing in mind that grade of D+ or below will result if the student does not pass the final examination]. The conversion between course percentage and letter grade is given below:

Letter Grade	Cut Points
A+	95
A	88
A-	84
B+	80
B	76
B-	72
C+	68
C	64
C-	60
D+	55
