Calculators : Not allowed on any quizzes or examinations, any quiz/examination on which a calculator is used will receive a grade of 0. A formula sheet is allowed for the midterm and for the final examination.

MAPLE Assignment: About two weeks will be allowed for this assignment, details as to how to do it will be distributed along with the assignment. It can be done on the computers in the basement of the Engineering Building for those with an account there, or in the computer labs on the fifth floor of the Mathematics Science Building.

Grades: All items in the course will be graded out of 100%. Weighting for the final letter grade is Quizzes 30% (best 5 of 8), Midterm 20%, Final Examination 50%.

Textbook: Calculus, Adams, 5th Edition (4th Edition can also be used)

Missed Components: There will be no make-up quizzes. If the mid-term must be missed for some legitimate reason, special arrangements can be made with the instructor. A missed final is subject to the usual rules for a deferred final.

email: All the information above, plus the weekly assignments (not to be turned in), will be available on request via email. Students are also welcome to ask for further information, or any questions, via email. For email communication it is required that your name and AMAT 309 appear, also emails with 3 or more errors in spelling/grammar will not be answered (3 strikes and you're out!).
