

MATH 205 FINAL GRADES ANNOUNCEMENTS Winter 2006

Monday May 1 : The final (unofficial) grades are now posted on my office door. Students who would like more details and/or to pick up their essays are welcome to drop by the office Tuesday 15:00-17:00. By “unofficial” is meant that there are a few adjustments still to be made in a small number of cases - in most cases these grades will be identical to the final “official” grade.
