

REMEMBRANCE DAY ANNOUNCEMENT

November 10, 2008

1. I hope we all have a chance to reflect and pay our respects this Remembrance Day. I will be in the office in the afternoon Tuesday, if anyone wishes to work on their MAPLE I will be glad to open the computer lab MS 571, also to offer help if needed.
2. No tutorials this week, Tuesday or Friday. I will ask our TAs to hold office hours Friday 10:00 - 11:00 instead. This might be a good time to collect your old quizzes too, if you don't have them all back.
