**Section(s)**

Lecture 01: MWF 15:00 - 15:50 - Online

Instructor: Dr Thi Dinh
tndinh@ucalgary.ca 403 220-2214  MS 420  TBA

Lecture 02: W 11:00 - 12:50 in ICT 217

Instructor: Email  Phone  Office  Hours

Lecture 03: R 09:00 - 10:50 in ENG 224

Instructor: Email  Phone  Office  Hours

Lecture 04: R 16:00 - 17:50 in ENG 224

Instructor: Email  Phone  Office  Hours

Lecture 05: W 14:00 - 15:50 in ENG 224

Instructor: Email  Phone  Office  Hours

Lecture 06: F 14:00 - 15:50 in ENG 224

Instructor: Email  Phone  Office  Hours

Lecture 07: R 11:00 - 12:50 in ICT 217

Instructor: Email  Phone  Office  Hours

Lecture 08: R 11:00 - 12:50 in ENG 03

Instructor: Email  Phone  Office  Hours

Lecture 09: R 16:00 - 17:50 in ICT 217

Instructor: Greg Knapp  TBA  TBA  TBA

Lecture 10: R 16:00 - 17:50 in ENG 03

Instructor: Greg Knapp  TBA  TBA  TBA

Lecture 11: F 13:00 - 14:50 in ICT 217

Instructor: Jason Parker  TBA  TBA  TBA

Lecture 12: F 13:00 - 14:50 in ENG 03

Instructor: Jason Parker  TBA  TBA  TBA

Lecture 13: R 12:00 - 13:50 in ENG 224

Instructor: Email  Phone  Office  Hours

Lecture 14: R 14:00 - 15:50 in ENG 224

Instructor: Email  Phone  Office  Hours

Lecture 15: W 11:00 - 12:50 in ENG 03

Instructor: Email  Phone  Office  Hours

---

2023-09-06

THIS IS A PRELIMINARY DRAFT OF THE OUTLINE. IT IS NOT YET APPROVED.
To account for any necessary transition to remote learning for the current semester, courses with in-person lectures, labs, or tutorials may be shifted to remote delivery for a certain period of time. In addition, adjustments may be made to the modality and format of assessments and deadlines, as well as to other course components and/or requirements, so that all coursework tasks are in line with the necessary and evolving health precautions for all involved (students and staff).

**Online Delivery Details:**

This course is being offered online in real-time via scheduled meeting times, you are required to be online at the same time.

To help ensure Zoom sessions are private, do not share the Zoom link or password with others, or on any social media platforms. Zoom links and passwords are only intended for students registered in the course. Zoom recordings and materials presented in Zoom, including any teaching materials, must not be shared, distributed or published without the instructor’s permission.

We offer the following course components:

1. **Live Online Class (L01-Online):**
   - Meets on **MWF 3:00pm-3:50pm** on Zoom (instructor: Gilad Gour)
   - These live lectures will also be recorded and can be watched at any time.

2. **In Person Delivery Details (L02-L13 Active Learning)**
   - The "active learning" sessions consist of two segments: (1) a one-hour overview presented by the instructor, and (2) a two-hour segment led by TAs, primarily focused on facilitating specific group learning activities through the mobile application.

3. **Discussion board (D2L)**
   - You can ask any mathematical questions, follow other student questions, help each other by answering any questions you may know,
   - Monitored by Teaching Assistant 7 days week

4. **Mobile Application**
   - The Lyryx Mobile App is designed to turn learning into an engaging activity. The content is presented into small blocks, or "chunks", and each chunk contains an interactive randomized question. See [Lyryx Mobile App](#)
   - Completing these questions is mandatory. 10% of the course grades is awarded for successfully completing the question on each chunk!

5. **D2L course site**
   - Includes access to all material and online assessment.
   - Includes weekly detailed and clear "roadmap" to assist student progress through the course.

6. **Prerecorded problem demonstration videos**
   - Detailed video presentations of typical course exercises.

7. **Email support for administrative matters**
   - [math211@ucalgary.ca](mailto:math211@ucalgary.ca)
   - This email is dedicated to administrative aspects of the course, including illness, SAS, time zones, and other admin inquiries.

**Course Site:**

D2L: MATH 211 L01-(Fall 2021)-Linear Methods I

Note: Students must use their U of C account for all course correspondence
Course Site:
D2L: MATH 211 L01-(Fall 2020)-Linear Methods I

**Note:** Students must use their U of C account for all course correspondence.

**Equity Diversity & Inclusion:**

The University of Calgary is committed to creating an equitable, diverse and inclusive campus, and condemns harm and discrimination of any form. We value all persons regardless of their race, gender, ethnicity, age, LGBTQIA2S+ identity and expression, disability, religion, spirituality, and socioeconomic status. The Faculty of Science strives to extend these values in every aspect of our courses, research, and teachings to better promote academic excellence and foster belonging for all.

2. **Requisites:**

See section 3.5.C in the Faculty of Science section of the online Calendar.

**Prerequisite(s):**
Mathematics 30-1, 212 or Mathematics 2 (offered by Continuing Education).

**Antirequisite(s):**
Credit for Mathematics 211 and 213 will not be allowed.

3. **Grading:**

The University policy on grading and related matters is described in F.1 and F.2 of the online University Calendar.

In determining the overall grade in the course the following weights will be used:

<table>
<thead>
<tr>
<th>Course Component</th>
<th>Weight</th>
<th>Due Date (duration for exams)</th>
<th>Modality for exams</th>
<th>Location for exams</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mobile App Active Learning¹</td>
<td>10%</td>
<td>Ongoing</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Online Assignments (10)²</td>
<td>15%</td>
<td>Ongoing</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Midterm Examination³</td>
<td>25%</td>
<td>Oct 31 2023 at 06:00 pm (90 Minutes)</td>
<td>in-person</td>
<td>Online (for section L01) On Campus (for sections L02-L13)</td>
</tr>
<tr>
<td>Registrar Scheduled Final Exam⁴</td>
<td>50%</td>
<td>Will be available when the final exam schedule is released by the Registrar</td>
<td>online</td>
<td>Will be available when the final exam schedule is released by the Registrar</td>
</tr>
</tbody>
</table>

¹ Ongoing
² Due dates listed in course schedule
³ For Section L01 Exam is Online (via Lyryx) For Sections L02-L13 Exam is On Campus Both the online and on campus exams starts at the same day at the same time.
⁴ Final Exam of Section L01 is ONLINE Final Exam of Sections L02-L13 is On Campus

Each piece of work (reports, assignments, quizzes, midterm exam(s) or final examination) submitted by the student will be assigned a grade. The student’s grade for each component listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

The conversion between a percentage grade and letter grade is as follows.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Minimum % Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>95 %</td>
</tr>
<tr>
<td>A</td>
<td>90 %</td>
</tr>
<tr>
<td>A-</td>
<td>85 %</td>
</tr>
<tr>
<td>B+</td>
<td>80 %</td>
</tr>
<tr>
<td>B</td>
<td>75 %</td>
</tr>
<tr>
<td>B-</td>
<td>70 %</td>
</tr>
<tr>
<td>C+</td>
<td>65 %</td>
</tr>
<tr>
<td>C</td>
<td>60 %</td>
</tr>
<tr>
<td>C-</td>
<td>55 %</td>
</tr>
<tr>
<td>D+</td>
<td>50 %</td>
</tr>
<tr>
<td>D</td>
<td>45 %</td>
</tr>
</tbody>
</table>

This course will have a Registrar Scheduled Final exam that will be delivered on-line. The Final Examination Schedule will be published by the Registrar’s Office approximately one month after the start of the term. The final exam for this course will be designed to be completed within hours.

The Midterm exam is designed for 90 minutes, and for the online section (L01) an additional 50% time buffer is granted for a total of 135 minutes to accommodate any technical or other online examination issues. Both online and in-person exams starts on the same day at the same time. Additional time will be granted to SAS students, and other accommodation will be done on a case-by-case basis. All students need to contact the coordinator at
least 14 days prior to the examination to arrange for accommodations.

Each piece of work (Mobile App, assignments, and examinations) submitted by the student will be assigned a grade. The student’s grade for each component listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

Each piece of work (reports, assignments, quizzes, midterm exam(s) or final examination) submitted by the student will be assigned a grade. The student’s grade for each component listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

**A Passing Grade in the Final Examinations is Required to Obtain a Grade of "D" or Better in the Course.**

The University of Calgary offers a flexible grade option, Credit Granted (CG) to support student’s breadth of learning and student wellness. Faculty units may have additional requirements or restrictions for the use of the CG grade at the faculty, degree or program level. To see the full list of Faculty of Science courses where CG is not eligible, please visit the following website: https://science.ucalgary.ca/current-students/undergraduate/program-advising/flexible-grading-option-cg-grade

### 4. Missed Components Of Term Work:

In the event that a student legitimately fails to submit any online or in-person assessment on time (e.g. due to illness, domestic affliction, etc...), please contact the course coordinator, or the course instructor if this course does not have a coordinator to arrange for a re-adjustment of a submission date, or possible exemption and reweighing of components. Absences not reported within 48 hours will not be accommodated. Students may be asked to provide supporting documentation (Section M.1) for an excused absence, See FAQ.

If an excused absence is approved, options for how the missed assessment is dealt with is at the discretion of the coordinator or course instructor. Some options such as an exemption and pro-rating among the components of the course may not be a viable option based on the design of this course.

### 5. Scheduled Out-of-Class Activities:

The following out of class activities are scheduled for this course.

<table>
<thead>
<tr>
<th>Activity</th>
<th>Location</th>
<th>Date and Time</th>
<th>Duration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Examination 1</td>
<td>Web-Based</td>
<td>Tuesday, October 31, 2023 at 6:00 pm</td>
<td>2.5 Hours</td>
</tr>
</tbody>
</table>

REGULARLY SCHEDULED CLASSES HAVE PRECEDENCE OVER ANY OUT-OF-CLASS-TIME-ACTIVITY. If you have a conflict with the out-of-class-time-activity, please contact your course coordinator/instructor no later than 14 days prior to the date of the out-of-class activity so that alternative arrangements may be made.

There is one out of class activity:

**Midterm Exam (Online Version):** Available starting Tuesday, October 31 at 6pm and must be submitted before 8:15pm at the latest

90 minutes + 50% buffer= 135 minutes

**Midterm Exam (On Campus Version):** Available starting Tuesday, October 31 at 6pm and must be submitted before 7:30pm at the latest

90 minutes
6. **Course Materials:**

Suggested: A (free) open text in electronic form is available in your Lyryx account. It can be freely distributed and printed.

Mobile App, Assignments and Examinations We will be using the Lyryx system for active learning, online assignment and examination purposes, offering formative online assessment in an effort to support student learning.

The student license is normally $39.95+GST payable upon registration on the Lyryx system. Lyryx is offering students access to their Lyryx online homework at no cost when using University computers, including in the MS 317, MS 515, MS 521, and MS 571 computer labs. Access to Lyryx online homework for no charge is also available at the TFDL, but currently only on Mac computers; access may be available sporadically in ES 160.

In order to successfully engage in their learning experiences at the University of Calgary, students taking online, remote and blended courses are required to have reliable access to the following technology:
- A computer with a supported operating system, as well as the latest security, and malware updates;
- A current and updated web browser;
- Webcam/Camera (built-in or external);
- Microphone and speaker (built-in or external), or headset with microphone;
- Current antivirus and/or firewall software enabled;
- Stable internet connection

In order to successfully engage in their learning experiences at the University of Calgary, students taking online, remote and blended courses are required to have reliable access to the following technology:
- A computer with a supported operating system, as well as the latest security, and malware updates;
- A current and updated web browser;
- Webcam/Camera (built-in or external);
- Microphone and speaker (built-in or external), or headset with microphone;
- Current antivirus and/or firewall software enabled;
- Stable internet connection.

For more information please refer to the UofC ELearning online website.

7. **Examination Policy:**

No aids are allowed on tests or examinations.

Students should also read the Calendar, Section G, on Examinations.

8. **Approved Mandatory And Optional Course Supplemental Fees:**

There are no mandatory or optional course supplemental fees for this course.

9. **Writing Across The Curriculum Statement:**

For all components of the course, in any written work, the quality of the student's writing (language, spelling, grammar, presentation etc.) can be a factor in the evaluation of the work. See also Section E.2 of the University Calendar.

10. **Human Studies Statement:**

Students will not participate as subjects or researchers in human studies.

See also Section E.5 of the University Calendar.

11. **Reappraisal Of Grades:**

A student wishing a reappraisal, should first attempt to review the graded work with the Course coordinator/instructor or department offering the course. Students with sufficient academic grounds may request a reappraisal. Non-academic grounds are not relevant for grade reappraisals. Students should be aware that the grade being reappraised may be raised, lowered or remain the same. See Section I.3 of the University Calendar.

a. **Term Work:** The student should present their rationale as effectively and as fully as possible to the Course coordinator/instructor within ten business days of either being notified about the mark, or of the item's return to the class. If the student is not satisfied with the outcome, the student shall submit the Reappraisal of Graded Term work form to the department in which the course is offered within 2 business days of receiving the decision from the instructor. The Department will arrange for a reappraisal of the work within
the next ten business days. The reappraisal will only be considered if the student provides a detailed rationale that outlines where and for what reason an error is suspected. See sections I.1 and I.2 of the University Calendar.

b. **Final Exam:** The student shall submit the request to Enrolment Services. See Section I.3 of the University Calendar.

12. **Other Important Information For Students:**

a. **Mental Health** The University of Calgary recognizes the pivotal role that student mental health plays in physical health, social connectedness and academic success, and aspires to create a caring and supportive campus community where individuals can freely talk about mental health and receive supports when needed. We encourage you to explore the mental health resources available throughout the university community, such as counselling, self-help resources, peer support or skills-building available through the SU Wellness Centre (Room 370, MacEwan Student Centre, Mental Health Services Website) and the Campus Mental Health Strategy website (Mental Health).

b. **SU Wellness Services:** For more information, see their website or call 403-210-9355.

c. **Sexual Violence:** The Sexual Violence Support Advocate, Carla Bertsch, can provide confidential support and information regarding sexual violence to all members of the university community. Carla can be reached by email (svsa@ucalgary.ca) or phone at 403-220-2208. The complete University of Calgary policy on sexual violence can be viewed here.

d. **Student Ombuds Office:** A safe place for all students of the University of Calgary to discuss student related issues, interpersonal conflict, academic and non-academic concerns, and many other problems.

e. **Student Union Information:** SU contact. Email your SU Science Reps: science1@su.ucalgary.ca, science2@su.ucalgary.ca, science3@su.ucalgary.ca.

f. **Academic Accommodation Policy:**

It is the student’s responsibility to request academic accommodations according to the University policies and procedures listed below. The student accommodation policy can be found at: https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Student-Accommodation-Policy.pdf.

Students needing an accommodation because of a disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities: https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Accommodation-for-Students-with-Disabilities-Procedure.pdf.

Students needing an accommodation in relation to their coursework or to fulfil requirements for a graduate degree, based on a Protected Ground other than Disability, should communicate this need, by filling out the Request for Academic Accommodation Form and sending it to Jerrod Smith by email jerrod.smith@ucalgary.ca preferably 10 business days before the due date of an assessment or scheduled absence.

g. **Misconduct:** Academic integrity is the foundation of the development and acquisition of knowledge and is based on values of honesty, trust, responsibility, and respect. We expect members of our community to act with integrity. Research integrity, ethics, and principles of conduct are key to academic integrity. Members of our campus community are required to abide by our institutional Code of Conduct and promote academic integrity in upholding the University of Calgary’s reputation of excellence. Some examples of academic misconduct include but are not limited to: posting course material to online platforms or file sharing without the course instructor’s consent; submitting or presenting work as if it were the student’s own work; submitting or presenting work in one course which has also been submitted in another course without the instructor’s permission; borrowing experimental values from others without the instructor’s approval; falsification/fabrication of experimental values in a report. Please read the following to inform yourself more on academic integrity:

- Student Handbook on Academic Integrity
- Student Academic Misconduct Policy and Procedure
- Faculty of Science Academic Misconduct Process
- Research Integrity Policy

Additional information is available on the Student Success Centre Academic Integrity page.

h. **Copyright of Course Materials:** All course materials (including those posted on the course D2L site, a course website, or used in any teaching activity such as (but not limited to) examinations, quizzes,
assignments, laboratory manuals, lecture slides or lecture materials and other course notes) are protected by law. These materials are for the sole use of students registered in this course and must not be redistributed. Sharing these materials with anyone else would be a breach of the terms and conditions governing student access to D2L, as well as a violation of the copyright in these materials, and may be pursued as a case of student academic or non-academic misconduct, in addition to any other remedies available at law.

i. **Freedom of Information and Privacy:** This course is conducted in accordance with the Freedom of Information and Protection of Privacy Act (FOIPP). Students should identify themselves on all written work by placing their name on the front page and their ID number on each subsequent page. For more information, see Legal Services website.

j. **Surveys:** At the University of Calgary, feedback through the Universal Student Ratings of Instruction (USRI) survey and the Faculty of Science Teaching Feedback form provides valuable information to help with evaluating instruction, enhancing learning and teaching, and selecting courses. Your responses make a difference - please participate in these surveys.

**Course Outcomes:**
- Recognize which techniques of linear algebra that can be useful in solving or provide information to some problems from various areas
- Construct a plan on how to approach these problems using the techniques of linear algebra
- Execute the proposed plan correctly from the viewpoint of computation and mathematics
- Interpret the resulting information in the context of the problem at hand

**Approvals Pending**
