3. Grading: The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

| | |
|-------------------|---|
| Assignments (10) | 10% |
| Midterm test (2) | 50% (Feb 6 & Mar 18 from 19:00 – 21:00) |
| Final Examination | 40% (To be scheduled by the Registrar) |

A passing grade on the final is required for a student to pass the course.

Each piece of work (assignment, midterm test or final examination) submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade [bearing in mind that an F grade will result if the student does not pass the final exam], The conversion between the course percentage x and the letter grade is given below:

| Letter Grade Conversions | |
|--------------------------|---------------------|
| Letter Grade | % range |
| A+ | $x > 95$ |
| A | $88 < x \leq 95$ |
| A- | $84 < x \leq 88$ |
| B+ | $80 < x \leq 84$ |
| B | $76 < x \leq 80$ |
| B- | $72 < x \leq 76$ |
| C+ | $68 < x \leq 72$ |
| C | $64 < x \leq 68$ |
| C- | $60 < x \leq 64$ |
| D+ | $55 < x \leq 60$ |
| D | $50 \leq x \leq 55$ |
| F | $x < 50$ |
