Assignments

There are ten credit Assignments (1 to 10). All assignments are to be accessed and submitted via WeBWork, and are due at 11:59 p.m. on selected Thursdays (see schedule above). They together are worth 10% of the course.

Here is a schedule:

Non-credit Exercises	Credit Assignments	Sections covered
Algebra Refresher	---	Up to and including Web Appendix F
Exercise 1	Assignment 1	Web App G,H, Sections 0.1-0.3
Exercise 2	Assignment 2	Sections 0.4-0.5, Appendix B, 1.1
Exercise 3	Assignment 3	Sections 1.2, 1.3
Exercise 4	Assignment 4	Sections 1.5-1.6, 2.1
Exercise 5	Assignment 5	Sections 2.2-2.5
Exercise 6	Assignment 6	Sections 2.6, 3.1-3.3

Exercise 10	Assignment 10	Sections 5.2-5.4
Exercise 11	---	Sections 5.5, 5.6, 5.9, 6.1

Each credit Assignment is accompanied by a non-credit Exercise, which contains versions of the Assignment problems and extra problems. The Exercise problems allow unlimited number of attempts. Each Assignment problem, however, allow 3 attempts. Also, there is a non-credit review exercise called Algebra Refresher and a non-credit Exercise 11 not associated with any credit Assignments.

Quizzes and Labs

There will be four 50-minute WeBWork quizzes, all held in MS 317 as per the above schedule (please make sure you know your Lab number). They together are worth 20% of the course.

IMPORTANT: You are urged to carefully read the document “Introducing WeBWork” posted on the Department site before you come to write your first quiz:

<http://math.ucalgary.ca/courses/f10/MATH249/LEC5>

In non-quiz weeks, you meet in the normally posted Lab classroom.

In quiz weeks, you write the quiz in MS 317, The quizzes will be based on the Assignments and Exercises as follows, where the odd-numbered labs B21 and B23 write the O-sequence of quizzes and the even-numbered labs B22 and B24 the E-sequence of quizzes:

	B17 and B19		B18 and B20
Quiz 1O	Ex 1, 2 and A 1, 2	Quiz 1E	Ex 2, 3 and A 2, 3
Quiz 2O	Ex 3, 4 and A 3, 4	Quiz 2E	Ex 4, 5 and A 4, 5
Quiz 3O	Ex 5, 6 and A 5, 6	Quiz 3E	Ex 6, 7 and A 6, 7
Quiz 4O	Ex 7, 8 and A 7, 8	Quiz 4E	Ex 8, 9 and A 8, 9

Midterm Test

There will be one midterm test, which is worth 20% of the course. You will write it in class on November 9, 2010. It is a hand-written test and is not WeBWork based. Time allowed is 75 minutes. No calculators are allowed.

Final Examination

There will be a two-hour final examination to be scheduled by the registrar's office. It is worth 50% of the course.

IMPORTANT: If you fail the final examination, you fail the course.

Date/Location: TBA
