D2L: MATH 251 L01 - (Spring 2014) - Calculus I

Department of Mathematics and Statistics – MS476 Telephone number – 403-220-5210

- 2. Prerequisites:** A grade of 70 per cent or higher in Pure Mathematics 30 or Mathematics 30-1 and a grade of 50 per cent or higher in Mathematics 31. (Alternatives to Pure Mathematics 30 are presented in the paragraph titled Mathematics Diagnostic Test in the Program section of this Calendar.)
- 3. Grading:** The University policy on grading and related matters is described sections [F.1](#) and [F.2](#) of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Quizzes (#)	20%
Midterm test (#)	30% (June 6th in-class)
Final Examination	50% (To be scheduled by the Registrar)

A passing grade on the final exam is required to receive an overall grade of C- or better in the course. This is to ensure that those students who receive a C- or better have a reasonable chance of succeeding in courses that require this course as a prerequisite.

Each piece of work (midterm tests and final examination) submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade [bearing in mind that a D grade or lower will result if the student does not pass the final], The conversion between course percentage and letter grade is given below:

The following is only an example of conversion scale.

Letter Grade Conversions	
Letter Grade	% range
A+	>95
A	90–94.5
A-	85–89.5
B+	81–84.5
B	77–80.5
B-	73–76.5
C+	69–72.5
C	65–68.5
C-	61–64.5
D	55–60.5
F	<55
