1. **The university policy on grading** and related matters is described in the current University Calendar, Academic Standings. In determining the overall grade in the course, the following weights will be used:

Quizzes	[best 4 of 5]	30 %
Mid-term exam	[one]	20 %
Final exam		50 %

A passing grade on the final exam is necessary to pass the course. There will be a three-hour final examination scheduled by the Registrar's Office. **The use of a calculator will be allowed on all tests.**

2. **The mid-term** test will be in class on Wednesday **February 27**, 2007. There will be five quizzes of approximately 40 minutes durations which will be held on **January 31, February 14, March 13, March 27, April 10**. The best four marks will be used in the assessment.
3. **Recommended textbook:** K. Hoffman and R. Kunze, Linear Algebra, Second edition, or S. Lipschutz and M. Lipson, Schaum's Outline of Linear Algebra.
4. **Missed Components of Term Work.** The regulations of the Faculty of Science pertaining to this matter are outlined in the current University Calendar, faculty of Science, section 6A. It is the student's responsibility to familiarize herself/himself with these regulations.
5. **Note:** The Faculty of Science policy on pre- and co-requisite checking is outlined in the current University Calendar (see www.ucalgary.ca/pubs/calendar), Faculty of Science, section 5C.
