Department of Mathematics and Statistics – MS476 Telephone number – 403-220-5210

2. **Prerequisites** Both Mathematics 349 and 353; or both Mathematics 283 and 381; or Mathematics 267. See <http://www.ucalgary.ca/pubs/calendar/current/mathematics.html>.

3. **Grading:** The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

|                 |  |
|-----------------|--|
| Assignments (4) | 20%                                    |
| Midterm         | 30% (In class: March 10)               |
| Exam:           | 50% (To be scheduled by the Registrar) |

Each piece of work (assignment, laboratory report, midterm test or final examination submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade. The conversion between course percentage and letter grade is given below:

(The following is only an example of conversion scale)

| Letter Grade Conversions |         |
|--------------------------|---------|
| Letter Grade             | % range |
