2. **Prerequisites:** Mathematics 353 or 367 or 377 or 381 or Applied Mathematics 309; and Mathematics 311 or 313; and Mathematics 335 or 355 or Pure Mathematics 435 or 455; or consent of the Department.

Antirequisites: Credit for more than one of Math 445, Math 447 and Pure Math 445 will not be allowed.

3. **Grading:** The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Assignments (3)	24%	
Project	16%	
Midterm	20%	(to take place in lecture- March 8,2016)
Final Examination	40%	(To be scheduled by the Registrar)

There will be differences between the assignments and tests for Math 445 and Math 447.

Each piece of work (assignment, laboratory report, midterm test or final examination submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade. The conversion between course percentage and letter grade is given below.

NOTE: A passing grade (>50%) is required on the final exam in order to obtain a mark of C- or better for the course.

Letter Grade Conversions	
Letter Grade	% range
