Credit for Mathematics 518 and 516 will not be allowed.

Note(s):

- A grade of "B" or higher is required for the Honours program. Students are advised to consult with the Undergraduate Director for information and advice before registration into the course. 3. **Grading:**

The University policy on grading and related matters is described in [F.1](#) and [F.2](#) of the online University Calendar.

In determining the overall grade in the course the following weights will be used:

Course Component	Weight	Due Date (duration for exams)	Modality for exams	Location for exams
Presentation ¹	15%	Ongoing		
Thesis proposal	10%	Feb 02 2024		
Presentation title and abstract	5%	Mar 01 2024		
Thesis paper	70%	Apr 09 2024		

¹ Presentations will take place between March 12 - April 4, 2024. The presentation grade will be comprised of the presentation itself and participation in peer feedback.

Each piece of work (reports, assignments, quizzes, midterm exam(s) or final examination) submitted by the student will be

assigned a grade. The student's grade for each component listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade.

The conversion between a percentage grade and letter grade is as follows.

	A+	A	A-	B+	B	B-	C+	C	C-	D+	D
Minimum % Required	95 %	90 %	85 %	80%	75%	70 %	65 %	60%	55%	50 %	45 %

The University of Calgary offers a [flexible grade option](#), Credit Granted (CG) to support student's breadth of learning and student wellness.
