3. **Grading:** The University policy on grading and related matters is described sections [F.1](#) and [F.2](#) of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Assignments (5)	10%	(Online, plus 3% for using StatsPortal)
Midterm tests (2)	30%	(October 7 and November 4 in Labs)
Minitab test (1)	10%	(December 2 in Labs)

The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter. The conversion between course percentage and letter grade is given below:
