3. **GRADING:** The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Homework Assignments (8):	30%	Assignments MUST be stapled or paper clipped! DUE AT BEGINNING OF CLASS!!! NO LATE ASSIGNMENTS WILL BE ACCEPTED!!!!!!
Lab Assignments (2)	15%	
In-class test	20%	(Wed. Mar 02)
Final Examination	35%	(To be scheduled by the Registrar)

There will be a final examination scheduled by the Registrar's Office. A passing grade on the final examination is required in order to pass the course.

In ASPH 213 we are using: Percentage grades will be given for all elements of term work and examinations in ASPH 213. A weighted course percentage will be calculated for each student after the final exam is written. A table of conversion from final course percentage to final course letter grade will be published on the ASPH 213 Blackboard site later in the term.

4. **Missed Components of Term Work.** The regulations of the Faculty of Science pertaining to this matter are found in the Faculty of Science area of the Calendar in section 3.6: <http://www.ucalgary.ca/pubs/calendar/current/sc-3-6.html>. It is the student's responsibility to familiarize himself/herself with these regulations. See also <http://www.ucalgary.ca/pubs/calendar/current/e-3.html>.

5. **TEXTBOOK:** "*Fundamental Astronomy, 5th ed.*", Karttunen, Kroger, Oja, Poutanen, & Donner, publ. Springer-Verlag.

6. **EXAMINATION POLICY:** Calculators are permitted on the final exam. Students are encouraged to read the Calendar, Section G, on Examinations: <http://www.ucalgary.ca/pubs/calendar/current/g.html>.
