2. **PREREQUISITES:** Pure Mathematics 30 or Mathematics II (offered by Continuing Education). **Note:** Physics 30 is recommended as preparation for Physics 211. Physics 211 is not open to students with 70% or higher in Physics 30 **and** Pure Mathematics 30 **and** 60% or higher in Mathematics 31, except with Departmental permission.
3. **GRADING:** The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Laboratorials	14%	
Assignments (MasteringPhysics)	14%	
Classroom Response Activity	2%	
Two Term Tests (see item 5 below)	40%	(Tests and final exam are closed book. Calculators
Final Examination*	30%	are allowed, but must not be used for text storage.)
	100%	
Bonuses: Diagnostic Tests		1% (maximum bonus)

Students who receive a weighted mean mark <40% over the two term tests and the Final Examination should not expect to receive a course grade higher than "D+".

In Physics 211 we are using: Percentage grades will be given for all elements of term work and examinations in Physics 211. A weighted course percentage will be calculated for each student after the final exam is written. A table of conversion from final course percentage to final course letter grade has been published under Course Information on the Phys 211 Blackboard site.

4. **Missed Components of Term Work.** The regulations of the Faculty of Science pertaining to this matter are found in the Faculty of Science area of the Calendar in section 3.6: <http://www.ucalgary.ca/pubs/calendar/current/sc-3-6.html>. It is the student's responsibility to familiarize himself/herself with these regulations. See also <http://www.ucalgary.ca/pubs/calendar/current/e-3.html>.
5. Dates and times of class exercises to be held outside of class hours: **Term Test 1 Fri Oct. 14, 17:30 – 19:30 (5:30-7:30 p.m.).**
Term Test 2 Fri Nov. 18, 17:30 – 19:30 (5:30-7:30 p.m.).
- REGULARLY SCHEDULED CLASSES HAVE PRECEDENCE OVER ANY OUT-OF-CLASS-TIME-ACTIVITY.** If you have a clash with this out-of-class-time-activity, please inform your instructor as soon as possible so that alternative arrangements may be made for you.
6. **TEXTBOOK:** "Physics for Scientists and Engineers: A Strategic Approach", by Randall D. Knight, **2nd Ed.**, Addison-Wesley
7. **EXAMINATION POLICY:** Examinations are closed book. Calculators much not have wireless communication. Students are encouraged to read the Calendar, Section G, on Examinations: <http://www.ucalgary.ca/pubs/calendar/current/g.html>.
10. **HUMAN STUDIES:** The Department of Physics and Astronomy is conducting research into the effectiveness of our teaching. This research includes evaluating student performance and improvement in Physics 211; see the information page "Evaluation of Learning Outcomes in Physics 211/221" on Blackboard. See also <http://www.ucalgary.ca/pubs/calendar/current/e-5.html>.

If you violate this policy you may be asked to leave the classroom. Repeated abuse may result in a charge of misconduct.

In Phys 211 we post 10 additional documents in the Course Information folder on the Physics 211/221 Blackboard site. One of these documents is a week-by-week schedule of topics, text references, assignment due dates, labatorial topics, and other information. This schedule is reproduced below. Another provides a conversion chart between the final percentage course mark and the course letter grade; and the other eight provide information about the textbook, clickers, and the Web-based assignments.
