Department of Psychology Criteria for Letter Grades

Psychology course instructors use the following criteria when assigning letter grades:

A+ grade: *Exceptional Performance.* An A+ grade indicates near perfect performance on multiple choice and short answer exams. For research papers/essays/course projects/presentations, an A+ grade is awarded for exceptional work deserving of special recognition and is therefore not a common grade.

A, A- Range: *Excellent Performance.* Superior understanding of course material. Written work is very strong in terms of critical and original thinking, content, organization, and the expression of ideas, and demonstrates student's thorough knowledge of subject matter.

B Range: *Good Performance.* Above average understanding of course material. Written work shows evidence of critical thinking and attention to organization and editing but could be improved in form and/or content.

C Range: *Satisfactory Performance.* Adequate understanding of course material. Knowledge of basic concepts and terminology is demonstrated. Written work is satisfactory and meets essential requirements but could be improved significantly in form and content. Note: All prerequisites for courses offered by the Faculty of Arts must be met with a minimum grade of C-.

D range: *Marginally meets standards.* Minimal understanding of subject matter. Written work is marginally acceptable and meets basic requirements but requires substantial improvements in form and content. Student has not mastered course material at a level sufficient for advancement into more senior courses in the same or related subjects.

F grade: *Course standards not met.* Inadequate understanding of subject matter. Written work does not meet basic requirements. Student has not demonstrated knowledge of course material at a level sufficient for course credit.

Grading Scale

A+	96-100%	B+	80-84%	C+	67-71%	D+	54-58%
A	90-95%	B	76-79%	C	63-66%	D	50-53%
A-	85-89%	B-	72-75%	C-	59-62%	F	0-49%

As stated in the University Calendar, it is at the instructor's discretion to round off either upward or downward to determine a final grade when the average of term work and final examinations is between two letter grades.

To determine final letter grades, final percentage grades will be rounded up or down to the nearest whole percentage (e.g., 89.5% will be rounded up to 90% = A but 89.4% will be rounded down to 89% = A-).

Course Credits for Research Participation

Experiential-Learning/Article-Evaluation Course Component (4% of final grade)

This experiential-learning/article-evaluation component provides enriched learning opportunities in this introductory course. You can complete this component by participating in research studies (Option 1: Research Participation), by completing 1-page article evaluations from a designated list (Option 2: Article Evaluations), or by a combination of the two options. Thus, you will learn more about psychology by taking part in research studies and/or by reading and evaluating articles from a psychological perspective.

Option 1: Research Participation. Students can complete this course component by creating an account and participating in Departmentally approved research studies at <http://ucalgary.sona-systems.com>. Students earn 0.5% (0.5 credits) for each full 30 minutes of participation. Each study will be followed by an educational debriefing experience. The demand for timeslots may exceed the supply in a given term. Thus, students are not guaranteed that there will be enough studies available to them to meet their credit requirements. Students should seek studies early in the term and should frequently check for open timeslots. **The last day to participate in research and allocate credits is Wednesday, December 9, 2020.**

Option 2: Article Evaluations. Students can complete this course component by reading and evaluating articles. Students earn 1% (1 credit) for each acceptable evaluation. Students can submit only one evaluation per due date (**September 25, October 16, November 6, November 27, 2020**), late submissions will not be accepted. Please consult the D2L for this course for more information about this option.

Option 3: Combinations of Options 1 and 2. Students can complete this course component through any combination of Options 1 and 2 (e.g., 3% through Option 1 and 1% through Option 2, or vice versa). Given that each article evaluation counts for 1%, students who complete, for example, 2.5% through Option 1 would need to complete two evaluations to successfully complete all 4% of this course component. As mentioned under Option 2, students can only submit one article evaluation per due date, late submissions will not be accepted. Thus, students who opt to combine Options 1 and 2 must plan ahead carefully.

Absence From A Test/Exam

Makeup tests/exams are **NOT** an option without the approval of the instructor. Students who miss a test/exam have up to 48 hours to contact the instructor to ask for a makeup test/exam. It's the instructor's discretion if they will allow a make-up exam. Students who do not schedule a makeup test/exam with the instructor within this 48-hour period forfeit the right to a makeup test/exam. At the instructor's discretion, a makeup test/exam may differ significantly (in form and/or content) from a regularly scheduled test/exam. **Once approved by the instructor a makeup test/exam must be written within 2 weeks of the missed test/exam on a day/time scheduled by the instructor.** If a student cannot

write their final exam on the date assigned by the Registrar's Office, they need to apply for a deferred exam <https://www.ucalgary.ca/registrar/exams/deferred-exams>.

Travel During Exams

Consistent with University regulations, students are expected to be available to write scheduled exams at any time during the official December and April examination periods. Requests to write a make-up exam because of conflicting travel plans (e.g., flight bookings) will NOT be considered by the department. Students are advised to wait until the final examination schedule is posted before making any travel arrangements. If a student cannot write their final exam on the date assigned by the Registrar's Office, they need to apply for a deferred exam <https://www.ucalgary.ca/registrar/exams/deferred-exams>. Students with an exceptional extenuating circumstance (e.g., a family emergency) should contact the Department of Psychology (psyugrd@ucalgary.ca).
