

Psychology 369-02

Sensation and Perception

Winter 2013

Instructor:	Chip Scialfa	Lecture Location:	MFH 160
Phone:	403-220-4951	Lecture Days/Time:	T TH 11-12:15
Email:	scialfa@ucalgary.ca		
Office:	A251		
Office Hours:	TBA		

Course Description and Goals

To provide an understanding of:

- basic anatomy and physiology of the visual and auditory and other sensory systems.
- major methods of measuring sensory function in vision and audition (e.g., acuity);
- classical psychophysical techniques, signal detection theory, and scaling.
- traditional and contemporary approaches to object perception.
- major theories of color perception.
- several views of attention and how it is measured behaviorally and physiologically.
- perception of depth and the information affording depth perception.
- motion, and in particular, the subjective impressions of velocity.
- essential concepts in pattern recognition as applied to vision and hearing.
- the interaction of bottom-up and top-down processes in perception.

Prerequisites

- Psyc 205 – Principles of Psychology

Required Text

Goldstein, E.B. (2010). Sensation and Perception (8th ed). Wadsworth, in the bookstore.

Evaluation

There will be three equally weighted, non-cumulative examinations that will consist of multiple-choice questions. Exam 1 is Feb 7th, exam 2 is Mar 20th and the final exam is scheduled by the Registrar. Your final mark is the arithmetic average of the three exams. The chapters covered on each exam are shown in the lecture schedule.

Below you will find the grading system (in percent) that I will use to assign letter grades to each individual test as well as to your final grade for the course. Under no circumstances will the grading system be harsher than that shown here. I do reserve the right, however, to make the grading system more lenient, if circumstances should warrant such an unexpected show of compassion and mercy.

Grading Scale

A+	96-100%	B+	80-84%	C+	67-71%	D+	54-58%
A	90-95%	B	76-79%	C	63-66%	D	50-53%
A-	85-89%	B-	72-75%	C-	59-62%	F	0-49%

As stated in the University Calendar, it is at the instructor's discretion to round off either upward or downward to determine a final grade when the average of term work and final examinations is between two letter grades.

In this course there will be no rounding up of final grades, especially in light of the opportunities students have to increase their final grade via research participation.

Tentative Lecture Schedule

Date	Topic/Activity/Readings/Due Date	Chapter
T Jan 8	Lecture begins. Introduction and Methods	1
R Jan 10	Methods including Signal Detection Theory	1, Appendix
T Jan 15	Physiology of Perception	2
R Jan 17	Physiology of Perception Introduction to Vision	2,3
F Jan 18	Last day to drop Winter Term courses.	
M Jan 21	Last day to add or swap Winter Term courses.	
T Jan 22	Introduction to Vision	3
R Jan 24	Introduction to Vision	3
T Jan 29	The Visual Cortex and Brain	4
R Jan 31	The Visual Cortex and Brain	4
T Feb 5	Functional Vision: Acuity and Contrast Sensitivity	None
R Feb 7	Functional Vision: Acuity and Contrast Sensitivity	None
T Feb 12	Test 1	Ch 1-4 Appendix
R Feb 14	Perceiving Objects and Scenes	5
T Feb 19	Reading Week. No Lecture	
R Feb 21	Reading Week. No Lecture	

T Feb 26	Visual Attention	6
R Feb 28	Motion	8
T Mar 5	Motion Color	8,9
R Mar 7	Color	9
T Mar 12	Depth	10
R Mar 14	Depth	10
T Mar 19	Test 2	Ch. 5,6,8,9,10
R Mar 21	Sound and the Auditory System	11
T Mar 26	Sound and the Auditory System	11
R Mar 28	Sound Localization and the Auditory Scene	12
T Apr 2	Sound Localization and the Auditory Scene	12
R Apr 4	Speech Perception	13
T Apr 9	The Cutaneous Senses	14
R Apr 11	The Chemical Senses	15
T Apr 16	Perceptual Development Winter Lectures End. Last day to participate in research and allocate research credits. Last day to withdraw.	16
F Apr 19-30	Winter Term Final Exams	

Reappraisal of Grades

A student who feels that a piece of graded term work (e.g., term paper, essay, test) has been unfairly graded, may have the work re-graded as follows. The student shall discuss the work with the instructor within 15 days of being notified about the mark or of the item's return to the class. If not satisfied, the student shall immediately take the matter to the Head of the department offering the course, who will arrange for a reassessment of the work within the next 15 days. The reappraisal of term work may cause the grade to be raised, lowered, or to remain the same. If the student is not satisfied with the decision and wishes to appeal, the student shall address a letter of appeal to the Dean of the faculty offering the course within 15 days of the unfavourable decision. In the letter, the student must clearly and fully state

the decision being appealed, the grounds for appeal, and the remedies being sought, along with any special circumstances that warrant an appeal of the reappraisal. The student should include as much written documentation as possible.

Plagiarism and Other Academic Misconduct

Intellectual honesty is the cornerstone of the development and acquisition of knowledge and requires that the contribution of others be acknowledged. Consequently, plagiarism or cheating on any assignment is regarded as an extremely serious academic offense. Plagiarism involves submitting or presenting work in a course as if it were the student's own work done expressly for that particular course when, in fact, it is not. Students should examine sections of the University Calendar that present a Statement of Intellectual honesty and definitions and penalties associated with Plagiarism/Cheating/Other Academic Misconduct.

Academic Accommodation

It is the student's responsibility to request academic accommodations. If you are a student with a documented disability who may require academic accommodation and have not registered with the Disability Resource Centre, please contact their office at 403-220-8237. Students who have not registered with the Disability Resource Centre are not eligible for formal academic accommodation. You are also required to discuss your needs with your instructor no later than 14 days after the start of this course.

Absence From A Test/Exam

Makeup tests/exams are NOT an option without an official University medical excuse (see the University Calendar). A completed Physician/Counselor Statement will be required to confirm absence from a test/exam for health reasons; the student will be required to pay any cost associated with this Statement. Students who miss a test/exam have 48 hours to contact the instructor and to schedule a makeup test/exam. Students who do not schedule a makeup test/exam with the instructor within this 48-hour period forfeit the right to a makeup test/exam. At the instructor's discretion, a makeup test/exam may differ significantly (in form and/or content) from a regularly scheduled test/exam. Except in extenuating circumstances (documented by an official University medical excuse), a makeup test/exam must be written within 2 weeks of the missed test/exam.

Freedom of Information and Protection of Privacy (FOIP) Act

The FOIP legislation disallows the practice of having student's retrieve tests and assignments from a public place. Therefore, tests and assignments may be returned to students during class/lab, or during office hours, or via the Department Office (Admin 275), or will be made available only for viewing during exam review sessions scheduled by the Department. Tests and assignments will be shredded after one year. Instructors should take care to not link students' names with their grades, UCIDs, or other FOIP-sensitive information.

Course Credits for Research Participation

Course Credits for Research Participation (Max 2% of final grade)

Students in most psychology courses are eligible to participate in Departmentally approved research and earn credits toward their final grades. **A maximum of two credits (2%) per course, including this course, may be applied to the student's final grade. Students earn 0.5% (0.5 credits) for each full 30 minutes of participation.** The demand for timeslots may exceed the supply in a given term. Thus, students are not guaranteed that there will be enough studies available to them to meet their credit requirements. Students should seek studies early in the term and should frequently check for open timeslots. Students can create an account and participate in Departmentally approved research studies at <http://ucalgary.sona-systems.com>. The last day to participate in studies and to assign or reassign earned credits to courses is **Apr 16th, 2012**

Evacuation Assembly Point

In case of an emergency evacuation during class, students must gather at the designated assembly point nearest to the classroom. The list of assembly points is found at <http://www.ucalgary.ca/emergencyplan/assemblypoints>
Please check this website and note the nearest assembly point for this course.

Student Organizations

Psychology students may wish to join the Psychology Undergraduate Students' Association (PSYCHS). They are located in Administration 170 and may be contacted at 403-220-5567.

Student Union VP Academic: Phone: 403-220-3911 suvpaca@ucalgary.ca

Student Union Faculty Rep.: Phone: 403-220-3913 socialscirep@su.ucalgary.ca

Important Dates

The last day to drop this course with no "W" notation and **still receive a tuition fee refund** is **January 18, 2013**. Last day for registration/change of registration is **January 21, 2013**. The last day to withdraw from this course is **Apr 16th, 2013**.
