Course Description and Goals

This course is a professional development seminar series tailored to Psychology graduate students that prepares students for diverse careers in Psychology. The goals of the seminars are to build transferable skills relating to three pillars: academic topics (e.g., publishing, applying for ethics, creating a 3 minute thesis), mental health and wellness (e.g., dealing with stress and burnout, work-life balance, supporting students as teaching assistants), and career development (e.g., leadership skills, conflict management, career planning). These workshops will allow students to network with faculty, staff, and other students in Psychology, learn tangible skills, and develop tools that act as the building blocks for their personal and professional development.

Acknowledgments and Respect for Diversity

Our classrooms view diversity of identity as a strength and resource. Your experiences and different perspectives are encouraged and add to a rich learning environment that fosters critical thought through respectful discussion and inclusion. The Department of Psychology would also like to acknowledge the traditional territories of the people of the Treaty 7 region in southern Alberta. The City of Calgary is also home to Métis Nation of Alberta, Region III.

Course Format

Lectures will be taught live via Zoom during each scheduled class as per the course schedule below and will be recorded and posted to D2L after class.

Prerequisites

Admission to the Graduate Program in Psychology or by permission of the Instructor.

Required Texts and Readings

Assigned readings will be available through the library and/or D2L.

Evaluation Over Fall and Winter Terms (the final grade will be assigned at the end of the Winter term).

A. Participation (50%). You are expected to participate effectively (i.e., in terms of quality and quantity) in class discussions. Your participation will be evaluated based on the following: critical or original response to course material, ability to articulate ideas and opinions, comprehension of course content, and familiarity with course readings when assigned. We will strive to create an open and inclusive environment, so that everyone can share their thoughts and ideas about the material covered. You will receive feedback on your participation at the end of the Fall semester.

If you cannot be in class, please email me prior to class and provide the reason for your absence.

B. Research Proposal for a Scholarship Application (25%, due on Nov. 05). Students in our program are required to apply for all external scholarships for which they are eligible. Your research proposal (one or two pages, depending on individual scholarship requirements) from your scholarship application will be evaluated for this course. Scholarships and their terms of reference are detailed on the Faculty of Graduate Studies website (<https://grad.ucalgary.ca/awards>) and through the searchable Graduate Award Database.

Your research proposal should capture the reviewer’s attention, provide an easy to understand description of your project, and instill a belief that the project is worthy of funding. Toward this end, your proposal should address the following questions: 1) what is new and important about your research? 2) what is your key research question and how will you answer this question? 3) what does success look like for your research proposal? And if required by the funding agency, 4) how does your research fit with funding agency priorities? Use language that is easy to understand, even for reviewers whose expertise is outside of your discipline, avoid technical terms, and define all acronyms.

C. Three Minute Thesis Presentation (25%, due date TBA in the Winter term). For this project, you will deliver a compelling presentation about your research and its significance in three minutes or less. Presentations will be marked according to the Three Minute Thesis evaluation criteria (<https://www.ucalgary.ca/mygradskills/3MT>), which focus on communication style, intelligibility, and how well you are able to engage your audience.

Faculty of Graduate Studies Grading System.

This is a PASS/FAIL course. The grading system below will be used to determine your course outcome.

A+ = Outstanding performance, A = Excellent performance, A- = Very good performance

B+ = Good performance, B = Satisfactory performance, B- = Minimum pass

C+ All grades of "C+" or lower are indicative of failure at the graduate level and cannot be counted toward Faculty of Graduate Studies course requirements. Individual programs may require a higher passing grade.

Grading Scale.

A+	96-100%	B+	80-84%	C+	67-71%	D+	54-58%
A	90-95%	B	76-79%	C	63-66%	D	50-53%
A-	85-89%	B-	72-75%	C-	59-62%	F	0-49%

As stated in the University Calendar, it is at the instructor's discretion to round off either upward or downward to determine a final grade when the average of term work and final examinations is between two letter grades. To determine final letter grades, final percentage grades will be rounded up or down to the nearest whole percentage (e.g., 89.5% will be rounded up to 90% = A but 89.4% will be rounded down to 89% = A-).

Absence From A Test/Exam

Makeup tests/exams are **NOT** an option without the approval of the instructor. Students who miss a test/exam have up to 48 hours to contact the instructor to ask for a makeup test/exam. It's the instructor's discretion if they will allow a make-up exam. Students who do not schedule a makeup test/exam with the instructor within this 48-hour period forfeit the right to a makeup test/exam. At the instructor's discretion, a makeup test/exam may differ significantly (in form and/or content) from a regularly scheduled test/exam. Once approved by the instructor a makeup test/exam must be written within 2 weeks of the missed test/exam on a day/time scheduled by the instructor.
