**Course Description and Objectives**

This course provides an overview of ethics and professional issues for graduate students in clinical psychology. Students will read major ethics documents related to the practice of psychology in Canada and Alberta. Additionally, the application of ethics documents and other practice guidelines to actual cases will be discussed. The regulation of clinical psychology as an independent profession will be covered. We will discuss such issues as training models, continuing education, and professional liability. The course will focus on applied issues, including confidentiality, right to privacy, informed consent, therapeutic relationship issues, involuntary commitment and social responsibility.

**Acknowledgments and Respect for Diversity**

Our classrooms view diversity of identity as a strength and resource. Your experiences and different perspectives are encouraged and add to a rich learning environment that fosters critical thought through respectful discussion and inclusion. The Department of Psychology would also like to acknowledge the traditional territories of the people of the Treaty 7 region in southern Alberta. The City of Calgary is also home to Métis Nation of Alberta, Region III.

**Course Format**

Lectures will be taught live via Zoom during each scheduled class as per the course schedule below.

**Prerequisites**

This course is intended for graduate students in the Program in Clinical Psychology at the University of Calgary.

**Required Texts and Readings**

There is no required text for this course. Readings will be identified by and made available from the instructor for each topic below, and should be read before each class.

## Assessment Methods

**Attendance:** In a course such as this, consistent class attendance and participation are critical to the learning process. As such, performance in the course will include an evaluation of attendance and participation in each day of the course (0= no attendance; 4 = attendance; 6 = attendance and some participation, 8 = attendance and excellent participation). Students are expected to participate in classes to obtain maximal credit for attendance.

**Examination:** The second component of the course will be an open book examination on the ethics of Clinical Psychology. An open book exam means that the use of class notes and online resources is permitted. Students may not communicate with others about course material or the exam either in person or electronically during exams. This examination will consist of a series of ethical dilemmas, for which the student must identify ethical concerns (if any), and state a course of planned action. This examination will take place on January 8, 2021.

**Term Paper:** The balance of the course grade will be based upon a term paper of no more than 30 typewritten double-spaced pages (completed consistent with the *APA Publication Manual*). The topic of the term paper will address a topic from this course, agreed to between you and the instructor. The term paper is due on April 15, 2021. Late papers will be accepted, but a penalty of 5% per day will be deducted from the final grade assigned.

### **Summary of course evaluation procedures:**

### **Maximum score:**

Class attendance and participation:	40
Ethics Examination:	20
Term paper:	<u>40</u>
TOTAL Possible Course Grade:	100

Academic integrity is the foundation of the development and acquisition of knowledge and is based on values of honesty, trust, responsibility, and respect. We expect members of our community to act with integrity.

Research integrity, ethics, and principles of conduct are key to academic integrity. Members of our campus community are required to abide by our institutional code of conduct and promote academic integrity in upholding the University of Calgary's reputation of excellence. It is your responsibility to ensure that you have read and are familiar with the student academic misconduct policy: <https://www.ucalgary.ca/policies/files/policies/student-academic-misconduct-policy.pdf>.

## **Faculty of Graduate Studies Grading System**

A+ = Outstanding performance, A = Excellent performance, A- = Very good performance

B+ = Good performance, B = Satisfactory performance, B- = Minimum pass

C+ All grades of "C+" or lower are indicative of failure at the graduate level and cannot be counted toward Faculty of Graduate Studies course requirements. Individual programs may require a higher passing grade

### Grading Scale

A+	96-100%	B+	80-84%	C+	67-71%	D+	54-58%
A	90-95%	B	76-79%	C	63-66%	D	50-53%
A-	85-89%	B-	72-75%	C-	59-62%	F	0-49%

As stated in the University Calendar, it is at the instructor's discretion to round off either upward or downward to determine a final grade when the average of term work and final examinations is between two letter grades. To determine final letter grades, final percentage grades will be rounded up or down to the nearest whole percentage (e.g., 89.5% will be rounded up to 90% = A but 89.4% will be rounded down to 89% = A-).
