Course Description

Cities are complicated matters. It is not always clear how we should go about studying them, or even how we should define what a city is. Often the complexity of cities makes it difficult to understand and address the major social problems that face city dwellers across Canada and the world. These problems include inequality and segregation, homelessness, crime, alienation and the decline of community.

To help sift through the complexity of urban life, sociologists have developed several research perspectives that provide working definitions of what a city is and "toolkits" of theories and methods for studying the city. In this course you will be learning three such perspectives: human ecology, interactionism, and political-economy. Each of these perspectives is based on a slightly different idea of what a city is and what is important about urban life.

In addition to learning about the perspectives themselves, we will be applying the perspectives to better understand a series of urban social issues. Additionally, in the term paper assignment, you will have the opportunity to compare and contrast two of the perspectives to better understand an urban issue of your choice.

Goals and Learning Outcomes

- Understand three major theoretical approaches to studying cities, including their strengths and weaknesses, and the types of research questions that are associated with them.
- Learn about the state of Canadian cities in the 21st century with regard to several important social issues, including the economy, inequality, race and ethnicity, crime, and more.

- Learn to construct a sociological argument by comparing and contrasting two perspectives to a single issue.

Textbooks and Other Materials

Readings are assigned from three sources:

- Harry Hiller (editor). 2014. *Urban Canada*. Toronto: Oxford University Press. (Available at the Campus Bookstore)
- SOC 353 Course Reader (Available at the Campus Bookstore).
- Online readings (links provided on D2L)

Evaluation

	<u>Due Date/Exam Date</u>	<u>% of Final Grade</u>
Mid-Term Test	Thursday, February 25 th	30%
Term Paper	Tuesday, March 29 th	40%
Final Exam	Exam Period	30%

Term Test

The mid-term and final exam will test your knowledge of the course material from the first and second half of the term respectively. In other words, the tests will not be cumulative. The mid-term will be written during regular lecture time and the final exam will be scheduled for the exam period. More information on the exact format of the tests will be provided later in the term.

Term Paper

The paper assignment will provide you with an opportunity to draw on course material to produce an original sociological argument and analysis. You will be asked to compare and contrast two of the major perspectives (e.g. political-economy) in urban sociology to one substantive topic (e.g. housing, crime, culture, etc.). More information about the paper assignment will be provided later in the term.

Grade Reappraisal

Within one week of the date the test/assignment is returned, students seeking reappraisal of tests or assignments must submit a written response to the instructor explaining the basis for reconsideration of the grade. The instructor will reconsider the grade assigned and will then book a time with the student to discuss his or her work and

rationale. It should be noted that a re-assessed grade may be raised, lowered, or remain the same.

Grading Scale

A+	95-100%	B+	80-84%	C+	67-69%	D+	55-58%

Contact and Office Hours

Please include "SOC353" in the subject of your e-mails. I aim to respond to e-mails within 24 hours during the working week. To ensure a quick response, it is best to keep e-mails simple and straight to the point. More complicated questions should be asked in person during office hours. I also encourage you to ask questions during or right after lectures.

Other Important Information

Handing in Papers, Assignments

1. The main Sociology Department office does not deal with any course-related matters. Please speak directly to your instructor.
2. **Protection of Privacy:** The Freedom of Information and Protection of Privacy (FOIPP) legislation does not allow students to retrieve any course material from public places. Anything that requires handing back will be returned directly during class or office hours. If students are unable to pick up their assignments from the instructor, they provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment.
3. Final grades are not posted by the Sociology Department. They are only available online.

Ethics Research

Students are advised that any research with human subjects – including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the Faculty Ethics Committee. In completing course requirements, students must not undertake any human subjects research without discussing their plans with the instructor, to determine if ethics approval is required.

Academic Misconduct

Please refer to the website listed below for information on University of Calgary policies on Plagiarism/Cheating/Other Academic Misconduct:

<http://www.ucalgary.ca/pubs/calendar/current/k-2-1.html>

Deferrals

When possible, please provide advance notice if you are unable to write an exam or complete/turn-in assignments on time. All requests for deferral of a course component due to health reasons must be accompanied by written documentation as outlined in the University Calendar and should be obtained while the student has the health issue rather

than after recovery. Deferrals will be allowed in the following circumstances: illness, domestic affliction or religious conviction. Travel arrangements, misreading the syllabus, and scheduling conflicts with other classes or employment are not valid reasons for requesting a deferral. Deferrals will not be granted if it is determined that just cause is not shown by the student.

If you have missed a test for a legitimate reason, the instructor can require you to write a "make up" test as close in time to the original test as possible or can choose to transfer the percentage weight to another course component. If the instructor schedules a "make up" test for you, its date and location will be at the convenience of the Department of Sociology.

Deferred Final Exam Form: Please note that requests to defer a Registrar scheduled final exam are dealt with through the Registrar's Office. Further information about deadlines, and where paperwork should be taken, is available on the form, which can be found at: http://www.ucalgary.ca/registrar/files/registrar/Sp_Su_DFE_App.pdf

Deferred Term Work Form: Deferral of term work past the end of a term also requires a form to be filled out. It's available at <http://www.ucalgary.ca/registrar/files/registrar/defTW.pdf> Once an extension date has been agreed between instructor and student, the form should be taken to the Faculty of Arts Program Information Centre (SS 110) for approval by an Associate Dean (Students).

Late Papers

Term papers that are handed in after the due date (Tuesday, March 29th) without a valid reason (see above under Deferrals) will still be accepted, but a late penalty will be imposed. For every day after the due date, one sub-letter grade will be deducted. Thus, a paper that would have received a B+ will receive a B for being one day late, a B- for being two days late, etc.

Student Representation

The 2015-16 Students' Union VP Academic is Stephan Guscott: email: suvpaca@ucalgary.ca. The Faculty of Arts has four SU representatives who may be contacted at any of the following email addresses: arts1@ucalgary.ca, arts2@ucalgary.ca, arts3@ucalgary.ca, and arts4@ucalgary.ca.
